NO. 69—EIGHTY-FIRST YEAR — VICTORIA, BRITISH COLUMBIA, FRIDAY, MARCH 3, 1939 — SIXTEEN PAGES

CARDINAL PACELLI MADE PONTIFF AND BECOMES PIUS XII

Papal Secretary of State Elevated on Third Ballot —New Head of Roman Catholic Church Noted As Diplomat—Election Comes on Sixty-Third Birthday

VATICAN CITY, March 2 (AP).—Eugenio Cardinal Pacelli was elected Pope today and took the name of Pius XII on his sixty-third birthday in one of history's shortest conclaves. He was chosen on the third ballot in the first day of voting.

He became the 262nd Pontiff, spiritual ruler of 331,500,000 Catholics and temporal sovereign of Vatican City just twenty days after the death of Pius XI, whom he served as Papal Secretary of State for eight years.

He is perhaps the first Pope ever to have been in North America. As Papal Secretary of State he went to the United States in 1936 and was received by President Roosevelt.

VAST CROWD IN SQUARE

People fainted in the crush of 150,000 faithful, who jammed St. Peter's Square to receive the Benediction of the tall, thin and ascetic diplomat raised by his brother princes of the Church to the vicarage of Christ.

It was a popular election accomplished in three ballotings within twenty-four hours after the sixty-two cardinals, full membership of the sacred college, had been locked in secret conclave.

How many votes he received on the first ballotings and how many on the last may never become known. But he is rumored to have received a majority at the outset, which was carried to the required two-thirds in the subsequent tallies.

PICTURESQUE CEREMONY

There in the Sistine Chapel, still in secret, the ritual provided for the picturesque ceremony surrounding the acceptance by the Pope of his election, the obedience of the Cardinals and his appearance before the

CONTINUE PLAN FOR PALESTINE

Chamberlain Refuses to Give Up Proposal for Settlement of Problem

LONDON, March 2 (AP). — Prime Minister Chamberlain was reported reliably tonight to have refused to drop his plan for settling the Palestine problem of creating an Arab-dominated state in the Holy Land.

Dr. Chaim Weizmann, president of the World Zionist Organization, visited Mr. Chamberlain today to urge preservation of Palestine as the Jewish national home.

Later a British spokesman said the British plan remained the basis for present negotiations, but added there was nothing to prevent Jews from submitting an alternative plan.

ARAB PROPOSALS

The British-Arab committee of the Palestine conference, meanwhile, discussed the Arabs' own plan, understood to call for

(1) Early creation of an independent Arab state in Palestine.

(2) An election soon in which all Palestine Jews and Arabs could choose representatives to a constitutional assembly.

(3) Creation of a Palestine Cabinet, with an Arab majority, which would draft a constitution and negotiate a treaty of alliance with Great Britain.

(4) Abolition of the British mandate over Palestine.

Gypsies Flock to Funeral Feast

TORONTO, March 2 (CP).—Gypsies from various parts of Ontario attended a ritual feast here last night before the funeral of Zlitchko Demitro, king of Canadian gypsies, who died here on Monday. Demitro was seventy-four, and had lived here for thirty-five years.

DIES AT VANCOUVER

VANCOUVER, March 3 (CP).—Mrs. Grace Patrick, wife of Joseph Patrick, 950 Joan Crescent, Victoria, died in Vancouver General Hospital early this morning. She was the mother of Lester Patrick, head of the New York Rangers hockey team, and of Frank, manager of the Vancouver Lions, Guy and Stanley. She had been ill for some time.

NEWS BRINGS CRY OF JOY

Vast Crowds in St. Peter's Square Rejoice at Election of Pope

VATICAN CITY, March 2 (AP).—Crowds in St. Peter's Square rejoiced today both at the election of a new Pope and the choice of Eugenio Cardinal Pacelli—the first Roman elevated to that high office in more than two centuries.

A thunderous cry of joy went up from the multitude as the voice of Camillo Cardinal Caccia-Dominioni, amplified a thousandfold through a score of loudspeakers, announced the name of the new Pope. Romans thus have a Roman as Pontiff and as their Bishop for the first time since 1721.

VAST CROWD IN SQUARE

The crowd before majestic St. Peter's had swelled to some 50,000 when two little puffs of white smoke came from the slender chimney above the Sistine Chapel at 5:30 p.m. (8:30 a.m., P.S.T.) to announce to the world a new Pontiff had been chosen.

As the news spread, streets leading to the great square became blocked with people arriving to hear the name of the new Pontiff and to receive his blessing.

By this time the square was packed with a crowd of 150,000. There was sporadic singing of the Te Deum and manifestations of anxious anticipation over who had been chosen Pope.

At 6 p.m. the big doors leading to the great balcony of the Basilica swung open and a rich red-bordered tapestry bearing the Papal arms hung from the balcony railing. The crowd sent up a tremendous cheer.

EMERGE ON BALCONY

Several Cardinals, tiny figures to most of those far below in the square, emerged and the announcement a new Pope had been elected began at 6:08 p.m.

Cardinal Caccia disclosed that it was Cardinal Pacelli's birthday and concluded with "Providence could not have given the Church a better Pope."

Cardinal Caccia then led the multitude in a great Te Deum that thundered from the square and echoed through the Bernini Colonnades.

Movement in Silk Market Sensational

TOKIO, March 3 (AP).—Yokohama and Kobe silk markets reopened today after voluntarily closing yesterday to halt a sensational burst of trading in inflated shares. Prices dropped 25 yen ($7.32) on the bale at the opening.

Prices on raw silk and silk tissues yesterday hit their highest peak in many years, advancing by 250 yen ($73.25) per bale since December.

Britain to Make Large Increase In Air Estimates

Record Sum Will Be Spent in Coming Year—Disclosure of Huge Outlay Proposed Made After Goering's Announcement of Germany's Intention to Remain Supreme

LONDON, March 2 (AP).—Great Britain announced a 65 per cent increase in her air force appropriations today, close on the heels of a declaration by Germany that the Nazis intended to maintain their advantage in warplanes.

Air Secretary Sir Kingsley Wood submitted estimates to the House of Commons calling for spending the record sum of £220,626,700 ($1,103,133,500) for the 1939-40 fiscal year starting April 1.

A Labor motion of censure in protest against the Government's civilian defence policy was rejected, 213 to 107, by the House tonight. The vote was against a symbolic reduction of £100 on the credits asked by the Government.

ANSWER TO GOERING

This huge outlay for the Empire's air branch was disclosed a day after Field Marshal Goering, German Air Minister, warned the Reich was producing planes "in numbers and or quality which seemed unthinkable."

Sir Kingsley Wood's figures increased Britain's 1939-40 defence costs announced thus far to £535,426,381, and the general budget to £1,070,022,462, greatest in peace-time history. The general figures include an appropriation of £400,000,000 for civil services.

Another appropriation of approximately £200,000,000 for debt charges was expected to boost the general budget to around £1,250,000,000 when

SAYS SHIPPING MUST BE AIDED

British Chamber Told More Help Needed if Position To Be Maintained

LONDON, March 2 (CP-Havas).—The British Government must increase its aid to merchant shipping or step back into an inferior position in the shipping world, Robertson Fyffe Gibb, chairman of the Union Castle Mail Steamship Company, declared today in his presidential address to the Chamber of Shipping of the United Kingdom.

He said that merchant shipping has suffered from the rearmament programme, the cost of constructing merchant ships having risen 20 per cent because of the press of work.

OTHERS ARE SUBSIDIZED

On the other hand, competing foreign merchant marines are receiving subsidies of every description. The German and Italian Governments are buying what they need in certain commodities, such as grains and meats, and transporting them in their own bottoms, Mr. Gibb said.

When the Sino-Japanese war ends, he continued, a large number of Japanese ships now on wartime duty will be released for resumption of their regular shipping routes. They will be a menace to British and other shipping.

RISK THEIR LIVES TO LEAVE MADRID

Hundreds of Refugees Reported Fleeing Under Fire From Insurgent Machine Guns

AVILA, Spain, March 2 (AP).—Nationalist officers reported tonight "hundreds" of refugees were risking their lives to flee from Madrid, the Republican capital, to the Nationalist side.

Many Nationalists said, crossed the Manzanares River on Madrid's outskirts under fire from machine guns in Republican trenches. They told of others crawling under cover of darkness into the Nationalist lines through "no man's land" zones in University City, Parque del Oeste and Cas del Campo.

General Franco's officers said they gave food and clothing to the refugees whom they described as half starved, before sending them to villages behind the lines.

KING SHOWS HIS INTEREST IN CANADA

LONDON, March 2 (CP).—Paying his third visit in four days to the British Industries Fair, the King today spent a long time at the Canadian stand, viewing exhibits representative of the life and industry of the Dominion. His Majesty took particular interest in a large-scale map of Canada, showing in black and red the route of the Royal tour this Summer.

Urges Legislation to Limit Profits From Radio Broadcasting

Chairman of C.B.C. Board of Governors Defends Actions of Corporation and Denies Any Political Partisan Consideration

OTTAWA, March 2 (CP).—Hope that Parliament would approve legislation aimed at limiting profits of radio broadcasting companies was expressed to the House of Commons radio committee here today by Leonard W. Brockington, chairman of the Canadian Broadcasting Corporation's board of governors.

Owners of private radio stations enjoyed a right to occupy the public domain, and in effect owned a franchise for that purpose, he said. Therefore, every private station was as much a trustee for all classes of listeners as the C.B.C.

Parliament was responsible for the act which set up the corporation, but for all other activities of the corporation "we alone are responsible," he said.

NO POLITICAL PRESSURE

The board had never been swayed by political partisan consideration, and nothing had ever been refused on partisan grounds. No political pressure had ever been applied to the board at any time.

Stormbound Isle's Inhabitants Are At Last Relieved

LOUGH SWILLY, Ireland, March 2 (CP).—Food and medical supplies today reached the 300 stormbound inhabitants of Tory Island, relieving a situation which was fraught with danger of starvation and epidemic. The fisheries protection cruiser Muirchu reached the island after a rough passage across the twelve-mile channel which gales have rendered unnavigable for the last five weeks.

FAST PLANE IS WRECKED

New High-Speed War Machine Burns After Crash —Pilot Escapes

VANCOUVER, March 2 (CP).—Sergeant R. L. Davis, of Calgary, leaped from his Royal Canadian Air Force plane without serious injury today, but the flashy new Hawker Hurricane machine was destroyed by fire after crashing in a take-off here.

The hustling eight-gun fighter, assembled here after being shipped from England in parts, ripped the right wing from a Yukon-Southern Air Transport tri-motored craft before it overturned twice and its gasoline caught fire.

SINGED BY FLAMES

Davis, at the controls of a speedy Hawker for the first time, was singed by flames before being helped out of range of the fire by Flying Officer H. P. Jasper, of Vancouver's Jericho Beach R.C.A.F. station.

Eye-witnesses said that Davis had taxied only a short distance down the east-west runway at Sea Island Civic Airport when his ship left the concrete.

It veered in a wide arc toward the heavy all-metal transport machine grounded beside the runway.

STRIKES TRANSPORT

The eye-witnesses said the accident occurred so quickly they could not say definitely if the Hawker was off the ground when it hit the transport.

Most thought the Hawker was a few feet off the ground as Davis tried to zoom his machine over the transport's wing.

As the plane struck Davis jumped out. A few minutes later his wrecked machine was a mass of flames. Its destruction was completed by two gasoline explosions as it burned.

The Hawker was one of six of its type shipped here from England for assembly and ultimate stationing at Calgary. The wrecked craft was the

EIGHTEEN SAFE ON RESCUE SHIP

Sealing Vessel Sinking Off Nova Scotia—More Than 130 Still Aboard

HALIFAX, N.S., March 2 (CP).—The sealer, Ranger, wallowed in heavy seas off the southwest coast in a sinking condition tonight, while radio messages said the steamship Newfoundland had taken aboard eighteen members of the Ranger's crew of 150.

East Coast radio here intercepted a message from Captain Richard Babcock saying the vessel was leaking badly and that she was "impossible to keep afloat."

PUMPS ARE USELESS

Seamen aboard the sixty-seven-year-old ship, oldest of the wooden ships still in Newfoundland's sealing industry, had been attempting to bail her out with buckets and barrels. Seas breaking over the water-logged ship washed into her boiler room, putting out the fires and making her pumps useless.

The Ranger, a 354-ton ship, left St. John's yesterday on a sealing expedition, the first ship to start out this season.

Messages received here did not indicate the cause of the leak.

Building Is Broken Up By Rioters

WESTWOOD, Cal., March 2 (AP).—Rioting in the streets of Westwood came to a climax tonight when a crowd of several hundred men destroyed the Congress of Industrial Organization headquarters here by sheer manpower after deputy sheriffs had rescued women and children from the structure and rushed them to safety at their homes.

Immediately after the building was smashed to bits, crowds dispersed and fighting subsided, but not before more than a score of persons were injured and two others arrested.

TWENTY-FIVE BELIEVED TO HAVE LOST LIVES IN FIRE AT HALIFAX

More Than Score of Guests and Employees of Historic Queen Hotel Missing After Early Morning Blaze — Scenes of Indescribable Horror Accompany Terrible Conflagration

Wind Carries Fire to Other Buildings; Loss Is $800,000

HALIFAX, March 2 (AP).—Four charred bodies, only ones recovered from the ruins of the historic Queen Hotel in which at least twenty-five persons were believed to have perished in an early morning blaze, were examined in a mortuary tonight by Dr. F. V. Woodbury, city medical examiner, as he sought unsuccessfully to identify them.

The fire, the city's worst disaster since the Halifax explosion caused hundreds of deaths twenty-two years ago, spread from the almost century-old hotel to the adjoining Hesselin and Hamilton buildings. Damage was estimated at $800,000. Every available piece of fire-fighting equipment was pressed into service.

Firemen continued pouring water into the smouldering ruins. Frequent puffs of smoke blew up from the debris. Firemen said the ruins would not be cooled sufficiently to allow resumption of the search for victims until tomorrow.

The entire block of Hollis Street was roped off and police held hundreds of spectators behind police lines. Royal Canadian Mounted Police guarded ruins of the Nova Scotia Liquor Commission Store located in one of the destroyed buildings.

MANY UNREPORTED

Relatives of more than thirty-five persons unreported sought tonight for news. Radio stations and newspapers appealed to survivors to report to police headquarters to make possible a definite list of dead.

The list of recorded missing approached the twenty-five mark, but police said names could not all be placed on a "definitely missing, feared dead" list immediately. They might be at another hotel or might have left the city. Absence of the hotel register, locked in a safe buried in the ruins, made a definite check impossible. It was known, however, there were eighty-seven guests and thirty employees in the five-story, brick, wood and stucco building.

Early arrivals at the fire reported scenes of indescribable horror. The

New French Envoy to Nationalist Spain

MARSHAL HENRI PETAIN

EIGHTY-two-year-old Great War commander yesterday was appointed French ambassador to the Spanish Nationalist Government.

New Troops From Japan Reach China

TSINGTAO, China, March 2 (AP).—Several thousand fresh soldiers from Japan have arrived here to reinforce the armies in China.

The incoming troops appeared much younger than the men who formed the units which arrived in China at the outbreak of the undeclared war.

It was expected the soldiers would be sent inland to join the anti-guerrilla campaign in North China. Further reinforcements were believed en route.

PETAIN NAMED AMBASSADOR

France's Hero of Verdun to Represent Her With General Franco

PARIS, March 2 (CP).—France, hoping to win Nationalist Spain over from German-Italian influence, today named Marshal Henri Philippe Petain as ambassador to the Nationalist regime.

The eighty-two-year-old Great War commander and hero of the defence of Verdun, was appointed to the important diplomatic post where he will represent France to General Franco, whom he taught many years ago at France's crack war college, St. Cyr.

The appointment came as France renewed her efforts to bring the Spanish civil war to an end with unconditional surrender of the Spanish Republicans.

Port officials at Marseille were ordered to confiscate any supplies destined for Madrid.

Meanwhile official dispatches from Burgos, Nationalist capital, reported fresh revolutionary plots had broken out in Spanish Republican territory.

ACQUITTED OF MURDER

YORKTON, Sask., March 2 (CP).—Four men charged with murder of John Bulbuk, fifty-one, fatally injured during a brawl at a wedding feast, were acquitted by a six-man jury in King's Bench Court here today.

FISH TRAPS AUTHORIZED

Washington Measure Permits Unlimited Number At Point Roberts

OLYMPIA, Wash., March 2 (AP).—Fish traps at Point Roberts were authorized by the Washington State Senate tonight in a 26-14 vote on Senate Bill No. 405.

The measure permits establishment of an unlimited number of pound nets (fish traps) for the taking of salmon and other food fish in the district lying north of a line from Shady Point, in Whatcom County, to the south end of Patos Island, to the international boundary west of the island.

Licence preference is given to owners of trap sites prior to the enactment of Initiative 77, and licence fees are fixed at $5 a ton, with a minimum annual licence of $250.

Senator A. E. Edwards (D., Whatcom), perennial advocate of traps, told the Senate the bill was necessary to take Point Roberts residents off relief rolls, to rehabilitate the town of Blaine and to make proper schools on Point Roberts possible.

He declared the Point traps would catch only sockeye salmon bound for the Fraser River in British Columbia and added that their construction would allow Washington to gain more of the 69,000 cases of sockeye it is allowed to take in 1939 under an international treaty with the Canadian province.

Itinerary of Western Tour Made Public

OTTAWA, March 2 (CP). — The itinerary of the Western tour of Governor-General Lord Tweedsmuir and Lady Tweedsmuir from March 12 to April 15, was announced here tonight. While Their Excellencies are away, Rideau Hall will be prepared for the visit of the King and Queen in May.

The viceregal party will leave Ottawa March 12 and travel by train direct to Vancouver, arriving there March 16. On March 21, Their Excellencies will go to Victoria, remaining in the British Columbia capital until April 4, when they will return to Vancouver again to visit until April 7.

WILL NOT END SALMON TRAPS

Minister Tells House He Will Continue to Issue Licences at Sooke

OTTAWA, March 2 (CP).—Against a flood of argument from members of all parties in the House, Hon. J. E. Michaud, Minister of Fisheries, remained firm tonight in his refusal to end salmon trapping by a company at Sooke, B.C., on the southwest shore of Vancouver Island.

Charged by A. W. Neill, Independent, Comox-Alberni, that he was protecting "vested interests," Mr. Michaud said whether that was a compliment or a reproach "I will accept it either way." The company had an investment of $1,000,000 at Sooke, the minister said, and the welfare of the town depended on its continued operation.

VISIT CHANGED MIND

Mr. Michaud admitted he had decided early in 1936 to refuse further trap licences to the firm at Sooke and had so advised them but after a visit to the town in the Summer of that year had changed his mind.

J. S. Taylor, Independent, Nanaimo, supported the minister. He declared the arguments against traps had been exaggerated and that their use at Sooke was in the best interests of the community and injured nobody. It was a case of one type of fishermen disliking the competition of another type.

WINTER RETURNS TO THE PRAIRIES

Temperatures Drop Sharply in Alberta—Snowstorm Strikes Southern Section

EDMONTON, March 2 (CP). — A cold east wind sent the temperature downward and brought snow to Edmonton district today. The Department of Transport reported 12 above at 3:30 p.m., and the mercury dropped steadily, reaching 5 above at 10:30 p.m.

Snow fell intermittently all day, but early in the evening began to fall steadily, being whipped by a fifteen-mile-an-hour wind.

CALGARY, March 2 (CP). — A snowstorm struck Southern Alberta tonight on a fifteen-mile-an-hour northwest wind. Temperatures ranged from 8 above to 32 above zero.

House Passes First Bills After Seven Weeks in Session

Measure to Create Penitentiaries Commission Is Given First Reading—Members of Non-Political Board Would Hold Office for Ten Years

OTTAWA, March 2 (CP).—First legislation to pass the House of Commons at the present session went through third reading today, exactly seven weeks after the opening of Parliament.

Three non-contentious measures received final approval and are ready for the Senate when it meets next week and in addition the House gave first reading to Hon. Ernest Lapointe's bill to create a Penitentiaries Commission.

The bills passed were amendments to the Trust Companies Act and the Loan Companies Act to authorize those institutions to set up pension funds for their employees and the annual measure appointing auditors for the Canadian National Railways.

Justice Minister Lapointe assured the House members of the three-man Penitentiaries Commission would not be chosen for political reasons, but for their experience and their knowledge of penology. He also intimated a medical man skilled in mental diseases might be on the commission or on its staff.

To objections advanced by several members, including A. W. Neill (Ind., Comox-Alberni) against the extension of administration by commissions, Mr. Lapointe said the bill was necessary. The work of the Justice Department had expanded and additional officials were needed.

Inauguration of Air Service Celebrated At Civic Gathering

R. W. Mayhew, M.P., Receives Ovation for Part Played in Establishment of New Mail Link—Hon. E. W. Hamber Among Luncheon Guests

HON. E. W. Hamber, Lieutenant-Governor; R. W. Mayhew, M.P.; Mayor Andrew McGavin; Hon. W. J. Asselstine, representing the Provincial Government; Reeve Alex Lockley, Esquimalt; Reeve R. R. Taylor, Oak Bay, and representatives of many public and semi-public bodies were among the 250 men present at the civic luncheon given yesterday to celebrate the inauguration of the trans-Canada air mail service to Victoria.

The luncheon largely took the form of an expression of appreciation of the efforts exerted by Mr. Mayhew to have the city linked up with the service, and become its Western terminal, and when the Victoria member, who was the principal speaker at the gathering, rose to give his address, all present gave him a standing round of applause.

The gathering was arranged jointly by the City Council, the Junior and Senior Chambers of Commerce, and the Rotary Club. G. Hamilton Harman, president of the Rotary Club, took the chair, and guests at the head table, including officials and pilots of Trans-Canada Air Lines and others connected with the organization of air transportation, were introduced by Alderman Archie Wills, chairman of the city aviation committee.

CONGRATULATIONS

Many messages of congratulation were read, including one from Hon. Norman McLarty, Postmaster-General.

Acknowledging the warm tribute of appreciation given to him, Mr. Mayhew said:

"I went to Ottawa to do the best I could for the city. That is the only promise I made, and I am trying to carry it out to the best of my ability. If I have accomplished anything it is not because of what I have done, but because of the whole-hearted support that has been given by the citizens of Victoria."

Mr. Mayhew questioned whether the significance of the air mail service was even yet fully appreciated by Victoria businessmen and the people of the city generally. He illustrated that great saving in time that would be effected, and declared that the speeding up of the mails was worth a great deal to Victoria.

Mr. McLarty's action in reducing the special delivery charge from twenty cents to ten cents also had very wide significance, the speaker remarked, making it possible to send an air mail special delivery letter for sixteen cents.

"This service is going to bring the Atlantic and Pacific coasts of Canada within a few hours of each other," Mr. Mayhew pointed out. Governmental difficulties in the past, he said, had been largely due to the wide range of territory and the differing conditions of the great mosaic of Canada, and the air mail service would be an important agent in breaking down the isolation that had so long existed.

EFFICIENT SERVICE

The speaker warmly praised the efficiency of the men who would carry on the work, and declared that the service was one of which Canada might justly be proud. In equipment and personnel, it was a service unsurpassed anywhere else in the world.

Describing his plane trip from Ottawa, Mr. Mayhew told of the revelation it provided of the vast opportunities Canada offered to its young people, but, he said, Canada seemed to be afraid to take the plunge into the whirlpool of opportunity.

Turning to other things, he said that it was reasonably certain that within twelve months Victoria would have a new postoffice and Federal building combined. The money for it was in the supplementary estimates, and unless something unforeseen happened, the building would be erected.

He gave it as his own opinion that Esquimalt was entitled to compensation from the Dominion Government for the tax-free Government property within the municipality, and offered some hope of a solution to the problem. The difficulty, he explained, was that a precedent would be established, but in his own view, if there were another community in Canada in a position comparable to Esquimalt, the Government should not be afraid to create a precedent and compensate both.

Mr. Mayhew told also of the steps being taken to improve the facilities at the outer docks, describing present conditions there as a disgrace to Victoria.

ADVOCATES ARENA

He strongly advocated the provision of an ice arena here, pointing out that the young people of Victoria were denied the opportunities given in other parts of Canada to enjoy the cleanest and healthiest of sports. He believed that if the effort were made, the money could be found in Victoria, without dependence on the Government.

In the forthcoming visit of Their Majesties the King and Queen, Mr. Mayhew saw an unique opportunity for Victoria. He suggested that a carnival should be held, that invitations should be extended to the people across the line, and that the homes of Victoria should be thrown open to them.

"His Honor the Lieutenant-Governor has been doing it for us for some years, and we've been letting him do it. It is about time we gave him some help," Mr. Mayhew concluded.

SERVICE UNSURPASSED

B. J. Farrell, public relations official of the Postoffice Department, conveyed greetings from the Postmaster-General, and from the mayor of Ottawa to Mayor McGavin. Briefly describing the present widespread air mail coverage in Canada, he declared that the Government was now providing a service unsurpassed anywhere else in the world.

"Future extension of the service depends upon public support," Mr. Farrell emphasized.

The entertainment programme comprised selections by the Rotary Club Orchestra, and tap dances and acrobatic dances by Miss Mattie Griffin and Miss Phyllis Beschizza.

Victoria Shaken by Testing of Guns of New Coast Defences

VICTORIA was momentarily shaken by three reverberating booms yesterday afternoon when test firing was carried out for the first time with the heavy guns installed in the new coast defences. It is understood that the tests were entirely satisfactory. Because of the threatening state of the weather at the time, many believed the disturbances were caused by unusually heavy claps of thunder.

HOUSE PASSES FIRST BILLS OF SESSION

whether they were called commissioners or something else.

The bill calls for creation of a three-man commission to manage all penitentiaries and all prisoners and other persons confined in them. The commissioners will hold office for ten years, devote their whole time to the work and will be removable for cause by the Governor-General-in-Council.

DEFEATED BY SENATE

The same measure was passed in the House last session, but defeated in the Senate. It is based on recommendations of the Royal Commission headed by Mr. Justice Joseph Archambeault which investigated the Canadian penal system.

The proposed commission will perform functions now performed by the superintendent of penitentiaries and three inspectors.

Hon. H. H. Stevens (Con., Kootenay East) said more attention should be given to removing the cause of crime. He felt idleness, unemployment and overcrowding in cities were causes of recent increases in crime. Crime had become a highly organized business or racket in many cities.

HERRIDGE IS UNDER FIRE IN COMMONS

Statement of Former Envoy About Parliament Criticized by Member

MANY INTERRUPTIONS DURING DISCOURSE

OTTAWA, March 2 (CP).—Hon. W. D. Herridge was described as a "political mountebank" by Arthur Slaght (Lib., Parry Sound), in the House of Commons today. Rising on a question of privilege, Mr. Slaght described the speech here last night of the former Canadian minister to Washington, who announced the formation of a "New Democracy" party as a "vile slander" on Parliament.

"This gentleman rails at the evils of patronage," said Mr. Slaght. "Let me ask where there is a greater patronage monger in the Dominion of Canada than W. D. Herridge. He joined the Conservative party in 1930 and he was a fast worker. Within a few months he was appointed by his brother-in-law (Rt. Hon. R. B. Bennett) to a very high office."

SALARY MENTIONED

During his term as minister at Washington, Mr. Herridge had drawn more than $125,000 from the Treasury of Canada.

"How about Ralston?" asked J. C. Landeryou (S.C., Calgary East).

"You don't like seeing your Fascist friends exposed," said a Liberal member.

Mr. Slaght made his brief protest on the Herridge speech to the accompaniment of interruptions and shouts from the Social Credit and C.C.F. groups.

Statements in the speech to which Mr. Slaght objected were that Canadians should give their country a free Parliament; that the present Parliament was not free to serve the people; that the people had to choose between the old parties and democracy; that the present parties were about to unite in forming a National Government, which would be a Fascist Government.

These were "vile slurs" on every member of Parliament, said Mr. Slaght. They amounted to charging a "conspiracy of a criminal type and character."

BRITAIN TO MAKE LARGE INCREASE

Continued from Page 1

Sir John Simon, Chancellor of the Exchequer, introduces it next month.

SPEED UP BUILDING

The Air Secretary stressed a speed-up in the manufacture of planes, stating Britain's home first-line strength on March 31 would be 1,750 planes.

He disclosed the Air Force personnel would be increased by 12,000 to a total of 118,000. Adding to this 77,000 men in the Royal Air Force Reserve and Volunteer Reserve, and 27,000 in the auxiliary services, the fighting man-power would reach the strength of 220,000 officers and men. Volunteer recruitments for the year are expected to be six times that for any similar period before the five-year rearmament plan was projected.

BALLOON UNITS

In a memorandum accompanying the estimates, Sir Kingsley revealed the balloon command has taken charge of administration and training of forty-seven units in different parts of the United Kingdom now included in the balloon barrage system.

The volunteer pilot reserve will be increased by 2,500 men; Sir Kingsley said. He disclosed the overseas air force was augmented by three new squadrons during the past year.

Pealing of the bell at St. Andrew's Cathedral yesterday morning at 10 o'clock announced the joyful tidings to Roman Catholics of Greater Victoria that Eugenio Cardinal Pacelli had been elected successor to the late Pope Pius XI.

In thanksgiving of the event, the Te Deum will be sung in the cathedral this evening at 8:30 o'clock, following the Holy Hour.

As Bishop John C. Cody is absent on the West Coast of the Island, Msgr. A. G. Baker, V.G., will officiate.

Kiwanis Kapers Make Charity Funds While Entertaining Royally

Royal Victoria Theatre Packed Last Night for Second Annual Programme by Victoria Kiwanis Club for Its Benevolent Objects

EVERYTHING was "tops" at the Royal Victoria Theatre last night when, before a packed and applauding house, the Victoria Kiwanis Club presented the best of the city's vaudeville talent in the scintillating and well diversified second annual "Kiwanis Kapers", in aid of the organization's charitable objectives.

At the beginning a jolly mood was established by the happy little speech made by the master of ceremonies, Hugh Barrett Dobbs, of Seattle, popular with radio fans as "Captain Dobsie," in welcoming the honorary patrons, His Honor the Lieutenant-Governor and Mrs. E. W. Hamber, who with a party from Government House occupied a box on the right. The corresponding box on the left was occupied by Mayor and Mrs. Andrew McGavin and other guests.

The entertainment was a succession of scenes, beginning appropriately with the prologue of Leoncavallo's well-known opera, "I Pagliacci," admirably sung by Thomas Crabbe, baritone, and closing with a spectacular ballet carnival by students of the Florence Clough studio, who went through some amazing feats. As a grand finale, the girls in the final tableau having been literally rocketed out of the arms of their partners into the precarious shoulder positions they occupied when the curtain dropped.

CLAMOROUSLY APPLAUDED

Undoubtedly the hits of the evening were the tap dance numbers, in which very small girls appeared. The first of these was aptly named by the master of cercmonies "the long and short of it," introducing R. J. Wormleighton, a six-foot-two tapper from the Florence Clough school, with his diminutive partner, Betty Ann Craig, two foot six. Both immaculate in tails and silk toppers, they tapped their way back and forth across the stage in perfect unison and rhythm, the small edition with an air of complete nonchalance, while the audience applauded wildly. Not a shade less extravagant was the reception given June Day and Joan Sidwell, of the Russian Ballet School, for their brilliant unison tap dance, for which the little maidens wore abbreviated white satin kilts with sequinned bodices and halos. They artlessly ran out of the wings at the conclusion of this performance and kissed the master of ceremonies.

The evening held numerous other good things. There was, for instance, the delightful turn by the Empress Hotel Orchestra when it moved up from the orchestra pit at the beginning of Part II to play, under "Billy" Tickle's persuasive baton, "The Clock Shop," where everything suggested by the name had its special place in a perfectly rhythmed number: metronomes picked, grandfather wound up the old clock, the early morning alarm had its say, and there were cuckoo clocks, Columbus clocks, shrill, medium and low-voiced clocks all chiming in unison. Three saxophonists were abstracted to play a trio, and the pianist and Mr. Tickle played a duet for a final touch.

SKATING AND DANCING

The Victoria Fancy Skating Club put on a roller skating novelty under the direction of H. H. Hornby, doing some tricky steps and figures, the performers being Mrs. J. Brown, the Misses P. Beschizza and B. Allan, and A. Hornby, O. Lalonde and F. Bossun. Carlsima and some of her pupils gave a beautiful Spanish-Morocco scene, perfect in quickly built atmosphere, with abundant color and exquisite finesse of movement. The performers were Carlsima herself, Geraldine Paterson, Myra Batchelor, Sheila McArthur, Tolita Williams and Bobby Lindgren. The Muezzin was Wilfred Demers.

The Russian Ballet School presented a very artistic suggestion of actual skating in "Les Patineurs," which gave the effect of dancing on skates. This was entirely dressed in white, and contained a particularly effective mazurka danced by Wynne Shaw. Those in the corps de ballet were Geraldine Paterson, Maude Renwick, Myra Batchelor, Virginia Ryan, Betty Moore, Edna Wallace, Erminie Webber, Mary Lindgren, Joan Cowley Brown, Josephine Wilson, Diana Ker, Joy Winsby, Miriam Steer, Diana Darling, Jean Mitchell, Nona Butts and Robert Lindgren.

The Beaux-Arts Society's Drama Festival entry, "Marriage Proposal," evoked general laughter by the cleverly-sustained burlesquerie of the actors, Walter Crawley, Don Jacobs and Gloria Wilson.

Vocal solos that gave great pleasure were those by Elaine Harte, a young girl coloratura soprano, who showed a phenomenal voice in "Heart That's Free" and "My Hero"; by Vicky Lavall, who was the soloist for the Viennese Ballet scene, presented by the Beaux-Arts Society, where Robert Lindgren showed a precocious talent as a dancer, supported by a corps de ballet comprising Helen Baird, Jean Bristowe, Faith Cuming, Mary Lindgren, Jill and Lorna Scott, Phillipa Shaw and Roberta Thatcher; and by Pierre Timp, who, accompanied by Mrs. Timp, sang Slater's "Cherry Song" and "Youth."

The instrumental part of the entertainment included the harp solos played by Mrs. Rowland Bourke, "Intermezzo," from "Cavalleria Rusticana," and "Men of Harlech"; and the two-piano performance by Kathleen and William Irvine, who played a medley by Stephen Foster and Morton Gould's "Bolero Moderne."

MAKES TEST FLIGHT

Squadron Leader E. G. Fullerton, of Calgary, had just completed a test flight in the machine before Davis climbed in for his take-off.

A Trans-Canada Air Lines twin-motored Lockheed was standing just beside the spot where the Hawker crashed and burst into flames. It was not damaged.

Cause of the accident was not determined. Wing Commander E. M. MacLeod, of Jericho Beach station, saw the accident.

"There couldn't have been any mechanical fault," he said. "The plane had just been inspected and was in perfect flying condition. Davis just had a stroke of bad luck."

Squadron Leader Fullerton had pushed the Hawker to 350 miles an hour in test flights.

DON AMECHE AND RITZ BOYS STAR

"The Three Musketeers" at Dominion Modern Screen Adaptation Of Famous Story

With Don Ameche, as a singing, loving, fighting D'Artagnan, and the Ritz Brothers, as phoney musketeers more at home with a carving knife than a sword, Twentieth Century-Fox, in the musical comedy version of "The Three Musketeers," has found a new way of presenting the Alexandre Dumas story which has captivated and enchanted audiences and readers from the day it was conceived almost a century ago.

"The Three Musketeers" will open today at the Dominion Theatre with a brilliant cast of supporting players. Swordplay alternates with horseplay, royal romance and secret intrigue vie for interest with the antics of three buffoons, and through it all rousing songs ring out.

CARDINAL PACELLI CHOSEN PONTIFF

Continued from Page 1

crowd massed in St. Peter's Square.

Ceremonial officers were admitted. They lowered the canopies over the chairs of all but Pacelli. The Pope-elect was asked in Latin if he would accept, and with his formal assent recorded he became Pope in fact.

The Pope was arrayed in the robes which had been provided in three sizes. Each of the sixty-one cardinals knelt before him, kissed his hand in sign of homage and was lifted to his feet and embraced and kissed by the Pope.

Then the Fisherman's Ring, symbol of St. Peter's heritage, was placed on his finger and withdrawn to be engraved with his name.

APPEARS ON BALCONY

His Holiness was escorted to the balcony, where he appeared before the multitude of faithful and subsequently a second obedience by the cardinals was made in the Sistine Chapel.

It was not until after the second obedience that the doors of the secret conclave, locked last night, were opened.

His quick election broke several precedents of recent conclaves.

It came in one day; it was in the afternoon; it placed a native Roman at the head of the Roman Catholic Church; and it was broadcast.

Not since 1621, when Gregory XV was chosen, has a conclave acted so promptly.

Not since 1721, when Innocent XV was elected, has the College of Cardinals made a Roman the Bishop of Rome and Sovereign Pontiff of the Catholic world.

PROMINENT IN CHURCH

Vatican prelates and Italians alike expected Pius XII, a member of a noble Roman family long prominent in church affairs, to carry on in many respects the policies of Pius XI. But many also expected the new Pope to show an even wider acquaintance with world affairs in his actions and pronouncements.

His policy toward Nazi Germany will be watched with the greatest of interest.

It is with that country perhaps that Vatican relations are least satisfactory.

He is all the more familiar with Germans for having been Papal Nuncio in Germany during the latter part of the Great War and afterward and for negotiating the Concordat of 1929.

KNOWN AS ASTUTE DIPLOMAT

Pius XII is known as an astute diplomat, and many say he has talents qualifying him to improve relations not only with Germany, but with Fascist Italy, accused by his predecessor of wounding the Latern Accord of 1929 by its racial policy.

Although the new Pope has not yet chosen his coronation date, he is expected to select Sunday, March 12 which happens to be St. Gregory's Day in the Catholic calendar.

Since the Pontiff had automatically relinquished his duties as secretary of state when he became Cardinal Camerlengo at Pius XI's death, the secretary of the conclave, Monsignor Vincenzo Santoro, officially notified the diplomatic corps of the election.

Monsignor Santoro will act as secretary of state until the Pope designates a cardinal for the post.

WAS BORN IN ROME

Eugenio Cardinal Pacelli, who chose the name Pius XII after his election as Pontiff today, is a son of Philip Pacelli and his wife, formerly Virginia Graziosi. The family long had close relations with the Vatican. His father was consistorial advocate and his brother, Francesco, represented the Vatican in the dealings with Mussolini for settling the age-long quarrel between the Italian Government and the Holy See.

Papal diplomacy has seldom had a more able exponent than Cardinal Pacelli, who as nuncio to the young German republic accomplished the seemingly impossible achievement of a concordat between Prussia, which in its majority is Protestant, and the Holy See. In negotiating this highly important treaty in 1929, Msgr. Pacelli displayed such rare diplomatic ability that Pius XI in December of that year elevated him to the dignity of cardinal, and two months later appointed him Papal Secretary of State to succeed Pietro Cardinal Gasparri, who had retired because of age. At fifty-four he became one of the youngest members of the Sacred College.

MADE PAPAL NUNCIO

Eugenio Pacelli studied theology in Rome, and was ordained in February, 1901. Pope Leo XIII assigned him to duty in his secretaryship of state. In 1917 he was sent to Munich as papal nuncio. He was received by the Kaiser at the war front, delivering to him a letter from Benedict XV, in which the Pope urged the Kaiser to do everything possible for the restoration of peace, even if it cost Germany some sacrifices. During the revolution he showed courage when, in 1919, a group of Spartacists, pistols in hands, invaded the nunciature. Without flinching, adorned in his purple robe, he met the revolutionists, quietly pointed out they were on soil privileged as extra-territorial and warned them against laying hands on a foreign diplomat. His magnetic personality won the day and the Spartacists withdrew, somewhat abashed.

In Germany, Cardinal Pacelli was generally rated as one of the ablest orators in Berlin. His mastery of the German language usually amazed his hearers. His polished manners, his tactfulness in dealing with men of other faiths, his great linguistic ability and an inborn heartiness and warmth made him a popular figure in the capital.

DIFFICULT PROBLEMS

European political developments formed the background for the chief problems confronting Cardinal Pacelli as head of the diplomatic organization of the Vatican.

Outstanding among these were the relations with Nazi Germany and Republican Spain. The overthrow of the monarchy in the latter country left the church in a precarious condition after centuries of ascendancy. For several years negotiations between Vatican City and Madrid hung fire. In June, 1934, they reached the "modus vivendi" stage when the Foreign Minister of Spain called on Cardinal Pacelli at Rome. But attempts to carry the parleys beyond that status failed. There was a complete break in 1937 when, in the midst of Spain's bloody civil war, Vatican City exchanged envoys with the insurgents.

With Germany, Cardinal Pacelli had little better success. After negotiations between him and Franz von Papen, vice-chancellor under Hitler, a concordat was signed in July, 1933, by which the Reich guaranteed that no discrimination would be made against members of the Catholic Centrist party, which had just been dissolved. In return, Vatican City contracted to curb political activities by Catholic action groups.

OTHER CONCORDATS

Cardinal Pacelli signed similar concordats with Austria in June, 1933, and with Yugoslavia in July, 1935.

For a time the relations between the church and Germany were amicable. But by March, 1935, there had been several bitter complaints from ecclesiastics in Germany in connection with the growth of neo-paganism. On March 24, Cardinal Pacelli sent a message of congratulation to Cardinal Schulte, Archbishop of Cologne, on the latter's twenty-fifth anniversary as a bishop. In it were phrases which Nazis interpreted as a virtual command to all Catholic bishops in Germany to challenge the validity of neo-paganistic ideas. Within a week there were retaliations, chiefly wholesale arrests of nuns and monks on charges of violating German currency shipment laws.

TO GIVE CONCERT

The Otter Point Forestry Camp will be entertained by a group of well-known local artists on Wednesday evening, March 8. The party is being organized by the Y.M.C.A., with Sam Clack as chairman. Those kindly giving their services are Vivian Shoemaker, pianist; Mrs. E. Ridgeway, soprano solos; Jack Fitzness and his banjo; Miss Joy Merriman, ventriloquist; John C. Sparks, elocutionist; Bill Farmer, illustrated songs; Alec Merriman, accordion numbers; Molly Fallick Trio, instrumentalists, the Y.M.C.A. Tumblers, and Bert Lilley, comedian.

Musical Festival Notes

The executive of the Victoria Musical Festival Association announce that the festival office is now open to receive entries for the 1939 festival.

Intending competitors are respectfully asked to fill in the entry forms and send them in to the secretary, Scollard Sayward Building, 1205 Douglas Street, as soon as conveniently possible and so assist the committee in an early publication of the programme.

It is expected that several choirs from the State of Washington will be entering in competition this year, as well as small groups, quartettes and soloists.

Citizens of Victoria are asked to lend their assistance, morally and financially, this year to the Victoria Musical Festival and so make this community undertaking an outstanding success.

Information concerning the festival will be gladly given by the secretary, Frank L. Tupman, 1205 Douglas Street.

POPE PIUS XII

Eugenio, Cardinal Pacelli, has been chosen by the College of Cardinals as successor to Pope Pius XI. He was the first choice in the balloting and his selection is significant of the loyalty of the Cardinals to the late Pontiff in that they should not have hesitated in choosing the one of their number who was regarded by him as admirably fitted to administer the affairs of the Holy See. The new Pope was the Camerlingo under the late regime of the Vatican, an office equivalent to that of Chamberlain, the duties of which are to administer the affairs of civil government. He will be known under the title of Pope Pius XII.

The choice is an excellent one for the new Pontiff is fully acquainted with the affairs of the Vatican, a knowledge which he acquired as Secretary of State. He is possessed, as is so desirable with all occupants of the Chair of St. Peter, with broad human sympathies, with a love of peace, with the statesmanlike ability of forwarding the welfare of humanity, and he is one well calculated to perform his part in leading the world back to the practice of Christian principles. His Holiness has traveled widely, has visited this continent and knows its problems. He is closely acquainted with the causes of unrest in Europe. He was one of those largely instrumental in negotiating the Latern Treaty which put an end to differences between the Fascist regime in Italy and the Vatican. The new head of the Catholic Church is the 262nd in its history, a history which goes back farther through the ages than that of any other Christian community.

Anyone occupying the office of Pope in these troublous times has a task requiring the exercise of much diplomacy. The Catholic Church has been subjected to persecution in Spain; it is the object of some suspicion in Nazist Germany, among the authorities at least. Its path has not been one of peace in revolutionary Mexico. A stronghold of the faith, the former state of Austria, has now been absorbed in the Third Reich. The Vatican has had to withstand the forces of Bolshevist aggression on the principles that it maintains. Throughout all the difficulties it has had to face since the Great War it has stood as a bulwark of the Christian life presenting a steadfast front to those modern-day influences that have been tending to disrupt society. This was the policy of Pope Pius XI. There is convincing promise that it will be pursued by his successor who has been hailed everywhere in the Catholic world with rejoicing that must be shared by Christians of whatever denomination.

FUTURE OF THE SUEZ

Italy has made demands regarding the Suez Canal which are commercial, political and strategic. She wants fees reduced; she wants practical recognition of the International Convention of 1888 providing that the Canal should be open to the ships of all nations, including ships of war, at all times. She wants the Canal to be under the protection of all Europe. Her strategic desire is that the Canal will in no circumstances be closed against her, "otherwise than by a blockade outside the three-mile limit, to which all belligerents may properly have recourse."

Sir Arnold Wilson discusses these claims in The Spectator. He says that the thesis that the Canal at all times should be open to the ships of all nations "was energetically maintained by Lord Derby in 1877 when he warned Russia that neither Turkey nor Russia would be allowed to blockade or invest the Canal." At present it appears that the Suez has not a status of neutrality. That would have to be arranged by international agreement. Sir Arnold canvasses the possibility of a lasting settlement. He does not believe that it could be accomplished by the maintenance of the present situation or in the petty redistribution of directorships and shares. He is of opinion that Egypt holds the key to the settlement, that with Anglo-French sanction it can terminate the present concession, which has thirty years to run, "buy out the present shareholders, and manage the Canal itself as a state-owned public work." Sir Arnold says:

"Egypt would be well advised, as a Mediterranean Power with a great future before it, to undertake to run the Canal as a public utility with the smallest margin of profit. Zaghlul Pasha, indeed, when Minister of Justice, said in the General Assembly on March 16, 1910, that when the Canal reverted to her Egypt would probably be forced to make the passage of the Canal free and to forego any direct profit from ownership. That was the policy adopted in the case of the Panama Canal by the United States of America, and it has been amply rewarded. The time has passed when a commercial company, however efficient, can sit astride an international highway and levy tolls, regardless of the commercial consequences, and of the political repercussions of its action."

YET ANOTHER POLITICAL PARTY

There is no end to the making of political parties. The latest in this country, propounded by Mr. W. D. Herridge, has a twofold purpose, "to get prosperity" and to prove that the purification of politics is not an iridescent dream. Mr. Herridge says his job is political reform. He has a big task ahead if what he proposes is contingent on wiping out the Liberals and Conservatives, how big he will, ascertain at the polls in the next Federal election. He wants to pack the next Parliament with men and women who are free from the political machine, and he proposes to do this with the machinery of a new Democracy movement. He wants to head off any possibility of the Conservatives and Liberals uniting for the purpose of forming a National Government. He foresees this possibility, although at this time it is not contemplated.

Mr. Herridge says that political reform must precede economic reform. He sees Fascist tendencies in the present governmental outlook but what he proposes as a policy for his new party appears to have a definite Fascist trend as well. He wants the stabilizing of production "upon its maximum level." He wants "to raise purchasing power to that level." He wants Government "planning and control" of the economic and monetary systems, "collective bargaining," "co-operative buying and selling," "minimum prices and wages," etc., etc. Thus he proposes governmental intervention on a scale even greater than has been attempted hitherto in this country and in a way which would accentuate the differences that now prevail regarding the delimitation of powers as between the Federal and Provincial authorities. What he suggests, in fact, as a policy, would still further strife the accomplishment of purposes of initiative and enterprise. He wants political union in the outlook, and at the same time would have it brought about by the destruction of those political parties which enjoy the support of the great majority of the voters of the Dominion.

No one may doubt that Mr. Herridge is inspired by well-meaning ideas. Where issue must be taken with the policies he enunciates is because they imply even greater regimentation than now exists in the lives of the people. All the pious phrases and honeyed words of what his theories would accomplish, if put into practice, cannot wipe out this implication of his conception of how social security could be achieved. Mr. Herridge may be ego-altruistic but there is a note of a Fascist quality running through his appeal, in that one man should take it upon himself to enunciate elaborate social and economic policies, no matter how high-sounding, without consultation with the people and advice received from all sections of society. New political parties are not launched to a successful issue in the manner conceived by Mr. Herridge.

SAFER BEDS

Perhaps the reason so many people die in bed is because it is an unsafe place as at present constructed. It is unsafe because it catches all the draughts, below, above and around. "Why," asks Mr. Ivor Brown, writing in The Manchester Guardian, "do we not build beds with cushioned walls round them like a child's cradle or a sofa whose backs and ends have been continued in front." That would be a way to defeat draughts. "You could lower one side, climb in, and raise the wall after you and sleep with the world's cold air gently flitting above the whole contraption instead of raking you in the familiar way." Such a bed, too, would have this advantage for it would make the sleeper independent of perfectly tucked sheets and blankets. Mr. Brown attributes to the present form of bed liability to exposure, and so to cold, rheumatism, frostbite, "and all the plagues of Winter if the bed-clothes once begin to slide from us."

So it is a mere layman who has made the discovery of how unhealthful sleep may be, whereas the best kind of place to take rest should be an axiom of the medical profession. Despite all man's pride in the march of civilization some of the most obvious handicaps in and to life sometimes escape notice through an obtuseness which even permeates the realm of science.

Note and Comment

By Sandham Graves

Have you noticed that a group of smiling young men from British Columbia have captured Europe, with hockey sticks? They have. The Smoke Eaters, of Trail, have burned a path through the major sports stadiums of Continental Europe, writing their own ticket on the score boards in a season of brilliant hockey. They have gone up against the best that Europe has to offer on the ice, and smilingly run rings around their friendly opponents. They have even loaned a goal keeper and a forward or two to the opposing sides, and still romped home. As a good-natured gesture, the Smoke Eaters have held down their winning scores, so that no team going down to defeat before them has been humbled. Cables this week showed the Smoke Eaters were at Antwerp, where their winning habits remained unbroken against North American foemen, with a final score of 3 to 0. All of which you would learn from the sport pages, if you look for it. The point that interests this column is a little deeper. When you play a game with people, two things usually happen: you get to know the people, and they learn something about you. To know, again, is so often to understand; and to understand is to appreciate, if not always to agree. The Smoke Eaters of Trail are not merely playing a series of hockey games in Europe; they are actually carrying a practical message of good will from Canada to a large and influential section of the world. It is to be hoped that when the Smoke Eaters return, Canada will remember that; and that British Columbia will take whatever action may seem appropriate. Well done, Trail!

It is a difficult relationship, that of government to press. On the one hand if the press were supine, and accepted unquestioned everything a government liked to hand out, news would become propaganda in favor of whatever administration was in power. On the other hand, if the press is never able to find good in government, news becomes anti-government propaganda. The relationship between government and press is an old one; suffering about the world as a whole many changes for the worst in recent years. That may be a passing phase; part of the Winter of man's present discontent. In this day and age, Canada should at least be above personalities in its news columns or from its ministerial benches. Men in public life have a difficult job of work to do. Largely it gets down to the making of decisions with which not all people will agree. But both a government and the press are in public life, and both have decisions to make with which not all people are ever likely to agree. They can make these decisions as gentlemen would; or they can make them with the irritable petulance of a spoiled child. They both will be judged accordingly. It seems fair to believe that man in public life, be he in parliament or on a newspaper, should be shielded from mere caterwauling. It seems reasonable to believe that men should remain free to discuss politics to any extent within the limits of orderly and reasonable debate. It seems evident that those two considerations alone provide such a wide field, that there should be little need to break through the natural, human, and traditional boundaries they would appear to have set up. Governments are irritated by uninformed or unfair criticism. The press is annoyed with governmental efforts to conceal pertinent facts, or to issue misleading statements. Both parties should follow the open-face method; where the facts are held in common, and men may agree or disagree as they wish in the matter of opinions. This column believes that most men in parliament and most men on newspapers in Canada try to follow some such principle as that. It believes, also, that the plan is a good one; that if it be summed up in a sentence it might read: Play the ball, and not the man. Are you playing?

Aha! He's it is again—Victoria's sea serpent! Sighted off Porlier Pass and getting brushed up, too, for the visit in May. Sighted, moreover, by three Vancouverites, who would not willingly be guilty of error, under the circumstances. A genuine, camel's head, port-hole emblazoned, head and hair-raising sea serpent; which moves swiftly through the water, leaving a white wake; which displays two, three or more coils above the surface of the sea; which scratches its speckled neck gently and meditatively on raw barnacles; which is gentle-mannered and kind, except with seagulls that annoy it, as flies would a cow; a perfect sea serpent, anywhere from forty to eighty feet in length, if it would only reveal all of itself at one time. Cadboro Bay is its port of registry. Will someone please tell the celebration committee—Victoria's sea serpent is back!

FIFTY YEARS AGO TODAY—

From The Daily Colonist of March 3, 1889

New Westminster Boom—The transfer of the New Westminster & Southern Railway Co. to the Northern Pacific Railway Co. has caused considerable activity in the real estate market at New Westminster. The demand for town lots during the past week has been greater than ever before, and several town lots were sold on Friday at an advance of twenty-five per cent on prices paid last week.

A Veteran Honored—Caleb Bishop, who has been forty-one years in the Civil Service of the Imperial Government, retired on February 28. For the past nineteen years he has been chief storekeeper under Mr. Innes, at the naval dockyard at Esquimalt, and now retires with a liberal pension. Before finally quitting the dockyard, Mr. Bishop was presented with a handsome gold watch and chain by his colleagues as an evidence of the pleasant relations which have always existed and as a mark of the high respect in which he has ever been regarded by them.

Sealing News—The sealing schooner Mollie Adams was in Neah Bay on Thursday night. She reported a catch of 250 seals. The Allie I. Algar was spoken off the Columbia River with 150 seals. The vessels report seal very plentiful between Cape Flattery and Humboldt Bay.

February Losses By Fire Kept at Low Figure Here

Figures furnished by Fire Chief Alex Munroe showed that fire losses during February totaled $275. Losses during January were $10, the lowest figure since modernization of the fire department.

Last month the department equipment traveled 690 miles. There were twenty-four fire calls, including three false alarms; 180 drills and 1,061 individual inspections.

Eighteen chimney fires were attended. In that connection, the fire chief warned householders, tenants and property owners that city by-laws required them to keep chimneys and flues clean, on penalty of a fine.

One of the two fires with a loss of property last month was caused by a defective fireplace. The other was due to a smoker's carelessness.

Publicity Bureau Is Innocent!

It seems a little underhand to take credit for something when we know we are not deserving of approbation, yet why should Victoria complain if an enterprising, if not well-informed, eastern paper wishes to publicize this city undeservedly? The fact that Victoria is renowned so widely as a paradise for fishermen probably resulted in the fish story, which we will recount. After a very welcome plug suggesting that followers of Sir Isaac Newton come to Victoria to cast their lines, the story continues as follows: "Enormous schools of mullet have recently appeared there (meaning Victoria) and the noise they make jumping out of the water sounded like an approaching gale. In fact, the fishermen could hardly make themselves heard above the din! While as for Miss Dorothy Foster, of Winnipeg, who sat there fishing one day, three fish saved her a lot of trouble by jumping straight into her lap! It's no angler's tale—it's a fact," concludes this amusing bit of publicity. All we can say is, if there are any mullet in Victoria they are in cans in some Old Country grocer's stock.—W.I.F.

Bikes on Sidewalks

Pedestrians with a few exceptions have learned to watch for the green light when about to cross busy intersections. Motorists, too, have learned to wait till the green shows before going ahead. But the bicycle, which is neither fish nor fowl, presents a traffic problem all its own. More and more of the two-wheelers are using downtown sidewalks for their highways. This is particularly noticeable on Fort Street. That section of pavement down Fort Street from Douglas onto Broad Street more resembles a speedway and is really a menace to the well-being of pedestrians. On several occasions one man we know has been forced to do some very nimble side-stepping to avoid cyclists swerving down and around that Fort and Broad Street corner. We have no doubt many others have had equally close shaves from being knocked down. True the roadway in that area is narrow, has always been too narrow, and parked cars do choke it making passage difficult. But may we suggest, in the interests of safety for all, for those astride and those on foot, that bike-riders will behave like pedestrians while on the sidewalk and wheel their mounts. This should not take so much longer and will avoid the risk of accidents to themselves and others.—L.A.G.

Glancing Over Sport

Wally Stipe, back from a prolonged trip to New York, says that Doug Peden is the greatest six-day bike rider in the world today. He's faster than any of them up there in the big time. Doug, by the way is headed for California, following his attack of the grippe, according to Wally. . . . Now they tell me that two British Columbia referees will handle the provincial men's basketball final and not a pair of American arbiters. Wonder how the two teams, Vancouver and Victoria, will like that for they just can not get along with these Canadian officials, not only in play-off time, but during the regular season. . . . When Max Schmeling sailed for home the other day he stated that he would return to the United States to meet the winner of the Max Baer-Lou Nova argument this Summer. Max will start his comeback in his native Germany. . . . Do you know that only two Canadian-born players are playing in the big leagues this season? Best known is Goody Rosen, of Toronto, who cavorts around the Brooklyn outfield, and the other is Earl Cook, of Lemonville, Ont., who pitches for the Cincy Reds. . . . Bill Rogan, former Dominoes player, is averaging fifteen points per game with Tofonto University this season, according to Eastern reports. —J.D.

Splendid Idea

A news item stated that Rev. Grange White, Haughley, England, was about to launch a national anti-gossip campaign. The parson stated that malicious slander was a national evil . . . . The expression, "Tomorrow the ghost walks," meaning pay day, had an interesting history. It appears that Shakespeare managed his own company of players at the famous Globe Theatre, and also played the ghost in Hamlet. In addition the talented playwright acted as paymaster for the troupe. Thus actors humorously connected the ghost with wages . . . We often wondered why the Provincial Government does not adopt the English system of one license number for each automobile to be permanent during the life of the machine. The annual haphazard method of handing out numbers at random is most confusing. About the time a motorist commences to remember his number plates, he is dealt out another set of numerals . . . New definition of a wise man: One who sits down when in a hurry and waits for it to pass, the same as the Government does.—G.B.

"MOCK HEROICS"

Sir,—I have waited for a more able pen than mine to deal with your splendid and sane articles in The Colonist of February 8 and February 25, calling attention to the taxpayers of Victoria of "Mock Heroics" and "An Unnecessary Work." In one sentence you clearly show the actual reason, when you state:

"The City Council's determination to operate the Goldstream plant arises out of 'pique.' The meaning is fully explained—distaste, spleen, grudge (dictionary). Again you say: "The scheme as outlined is half-baked, no figures have been presented to show that the proposed enterprise could be made self-supporting."

But, sir, Mr. Beck received the thanks of the council and a substantial cheque for what, as you state, is a "half-baked scheme." Sir, you can rest assured this will have to go back into the "oven" and get properly "baked" by a more intelligent body of men than are now checking up the one-sided report given by the American expert.

I strenuously opposed the Portin scheme, and still believe I was right. But, sir, there were two clauses in this which I did agree with, and they are saving clauses. First, if put the city of Victoria "in pawn." It has taken the power out of the City Council's hand and so, and I trust and believe, this power will be exercised by first, The Provincial Government, second, by the trustees, who are two to one—one for the Government, one for the bondholders and the other for the city—so making the city powerless to carry out the suggested "folly" at the cost of the taxpayer. The responsibility now rests with the Government and trustees and, if allowed, they must accept it.

Secondly, that at any time during the years of the agreement the city can, if it is at any time able to gather sufficient money to pay off any bonds, it can do so and not get farther into debt. This in itself should be sufficient to cause the Mayor and aldermen not to take the word of this American expert, but find someone who is at least rational enough to get both sides of the question, and not indulge in guesswork; and I am glad to say that this will be done by appointees of the utility commission of the Government.

What a joker, Mr. Editor, Mr. Beck's suggestion that the City Council appoint a utility commission of local appointees—the same men who are in agreement with Mr. Beck and his half-baked scheme.

I have had the pleasure of looking into this large volume, covering pages, and, Mr. Editor, when you have the other side to print for the public's perusal, it will be very enlightening.

I hold no brief for the B.C. Electric Company, but I have attended the meeting and read the reports, and this company at least deserves some respect; and when the real facts are placed before the Government-appointed utility commision, we no doubt will get the real facts, and their decision, not the City Council's, will be final, and we must abide by this.

But it is clearly evident that certain members of the council have an object in view, and intend to place every obstacle in the way to attain their wish. That is a bus system; and I think the public and taxpayers are getting very wise to this, and if another vote is taken will vote accordingly.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of low water.

To find the depth of low water on the sill of the Esquimalt drydock, add 18.0 feet to the height of high water at above given.

First Through Mail From Eastern Canada Arrives on Schedule

Representatives From Victoria and Neighboring Municipalities Meet Canadian Airways Plane at Esquimalt—Truck Is Escorted by Police

Bringing in the first through air mail from the East for Victoria, the Canadian Airways seaplane came to Esquimalt at 12:30 p.m. yesterday, and was delivered a little later, following a short ceremony at the Victoria postoffice, the mail truck being escorted by motorcycle officers of the city and municipal police forces.

The mail plane and its passengers were greeted at Esquimalt air harbor by representatives of the city and adjoining municipalities, Chamber of Commerce and Junior Chamber of Commerce. Passengers arriving were William Young, Vancouver; G. H. Clarke, district director of postal services, Vancouver; J. B. Farrell, of the Postoffice Department, Ottawa, and F. M. McGregor, Victoria, who witnessed the departure of the Trans-Canada eastbound plane Wednesday night out of Vancouver, and which was piloted by his son, Maurice McGregor.

ARRIVE FRESH

According to telegraphic advices received here yesterday following the arrival of the eastbound air mail at Montreal, a box of carnations cut in a local greenhouse reached that city in first-class condition. The flowers were shipped by Montague Greenhouses to J. H. Sherrard, Montreal, where they were delivered shortly after their arrival at 12:45 p.m.

LOCAL SHIPMENT

On the first flight of through mail from the coast to Eastern Canada, which left Victoria on Wednesday evening, in the sixteen bags of mail placed aboard the plane here there were 4,000 letters and 500 parcels.

ON SCHEDULE

VANCOUVER, March 2.—A Trans-Canada Air Lines plane landed here on schedule at 11:40 a.m. today, bringing mail and express from Eastern Canada in the first official mail flight westward across the Dominion.

The ship was five minutes late leaving Lethbridge, Alta., this morning, due to delays in handling the heavy mail cargo on the initial flight. But Pilot Jock Barclay and Co-Pilot Edward Allan made up the time in the flight over the Rockies and brought the ship into Sea Island Airport on time.

Fast mail trucks from the postoffice department met the plane at the field. Mail bags were transferred from the ship and were en route to the Vancouver postoffice within a few minutes. Letters mailed in Toronto and Montreal yesterday were delivered here this afternoon.

Mail for Victoria was rushed to the Canadian Airways' seaplane and flown at once to the capital.

Last night the first official eastbound air mail started its journey aboard another Trans-Canada Air Lines ship piloted by Capt. Maurice McGregor. The 795 pounds of mail aboard the plane will reach Eastern Canadian cities today, completing the first exchange of letters over Canada's new air mail system.

WHALES DRIVE FISH IN SHORE

Queen Charlotte Fishermen Credit Catches to Enemies Of Herring

VANCOUVER, March 2. (CP). — West Coast herring fishermen are crediting their capacity catches to the whale and the dogfish—traditional enemies of the herring.

Fishermen returning from Safety Cove and Kwakshua Inlet, Queen Charlotte Sound fishing area, said the herring are being driven in close to shore by huge whales schooling off the coast.

The dogfish, deep in the sea, have been gorging on schools of herring, driving them to the surface waters where fishermen's nets await.

The herring have been swarming in such numbers in the Sound area, fishermen dare not use their whole seines lest the weight of the fish cause a break.

The Kwakshua area was closed February 22, but fishing is continuing in the Safety Cove and Laredo Channel areas, and on the east coast of the Queen Charlotte Islands.

VANCOUVER SHIPPING

VANCOUVER, March 2.—(CP). A total of seventy-nine deep-sea freighters, bringing cargo from almost every country in the world, entered Port of Vancouver during February, it was announced today by Port Manager K. J. Burns.

The figure was an increase of nine ships over the same month last year, but a drop from the total of 108 ships which visited the port in January this year.

Quentin Roosevelt, son of Col. Theodore Roosevelt, Jr., will sail from Vancouver or Victoria aboard the Canadian Pacific liner Empress of Asia, Saturday. He is en route to Yunan Province in China in search of rare manuscripts and scrolls, on an expedition sponsored by the Boston Museum of Fine Arts.

The Furness Line freighter Pacific Shipper arrived today, a week late, due to Atlantic storms. Captain H. S. Reavley said the Pacific Shipper heard numerous distress signals in the Atlantic, but was always too far away to be of assistance.

The Ramon de Larrinaga, sister ship of the Maria de Larrinaga, which sank with her crew of thirty-seven in the North Atlantic, February 9, is in port.

Canadian Flyer Inventor of the Aileron

J. A. D. McCurdy, Montreal, who designed and flew the Silver Dart on the first airplane flight made in the British Empire just thirty years ago, February 23, 1909, to be exact, is the man who invented the aileron, the little wing tip for controlling banking. He successfully turned a figure eight in the earliest days of flying. The photograph shows him examining one of the ailerons on a Trans-Canada Air Lines' transport, just landed at Montreal Airport from Winnipeg. On the left is First Officer J. K. Lewis, and centre, Captain W. G. A. Coulson, who showed him over their plane by way of celebrating the epoch-making flight of thirty years ago. McCurdy was a young man of twenty-three when he soared over the ice of Baddeck Bay, Nova Scotia. He was associated in aeronautical experiments with Alexander Graham Bell. The Silver Dart attained an altitude of thirty feet and a speed of about forty miles an hour. Coulson told the pioneer that T.C.A. planes sometimes went up to 12,000 feet and were capable of doing 200 miles an hour. The Silver Dart had thirty horsepower. The twin engines of the T.C.A. Super-Electras generate 1,700 horsepower. They fly an average of 6,000 miles a day. The Silver Dart covered half a mile on that first flight. — Trans-Canada Air Lines photograph.

SOOKE COMMUNITY ASSOCIATION MEETS

SOOKE, March 2—A largely-attended general business meeting of the Community Association was held on Tuesday evening in Sooke Hall. The chair was taken by C. A. Helgesen, the president, H. W. Goodrich, being unavoidably absent.

The financial standing of the new Community Hall building, given by A. F. Brownsey, secretary, showed only a little over $1,000 was required to complete the $10,000 building project.

Mr. Helgesen emphasized the great community spirit which had been in evidence since the beginning of the project in 1934. Coupled with voluntary labor, the work had been successfully carried on and the hall when completed will surpass any in the Island rural districts.

The new pound law was turned down by an overwhelming majority.

It was decided to hold an old-time dance on April 14, the funds to be used to enlarge the dressing-rooms, which at present are inadequate. It was decided to hold a meeting each month.

Spawning has commenced, and Mr. Tait states that it will be much heavier than was anticipated by fishery officials earlier in the year. The ling cod season opened in this district today.

STARTS SEA LIFE EARLY

Two-Year-Old Daughter of Captain Credited With Six Months' Sailing

VANCOUVER, March 2 (CP). — Joan Fladmark is only two, but already has spent six months of her life at sea. The Norway-born daughter of Captain and Mrs. R. Fladmark got her first taste of the sea at the age of six months when she came here from her native land.

Today she arrived in port again with her mother aboard the Ms. Hoyanger from another cruise—a six-month jaunt around South America with her captain father.

She left daddy at Panama, where he gave over command of the Hoyanger to Captain N. Nymann. Captain Fladmark has returned to Italy to take command of a new ship that the Westfal-Larsen Line is inaugurating on the Vancouver-South American run.

BLOOMS PLEASE PRIME MINISTER

Air Mail Bouquet to Rt. Hon. W. L. Mackenzie King Brings Prompt Reply

Spring daffodils and narcissus picked in the garden of Mrs. E. W. Darcus, Tyndall Avenue, on Wednesday morning and delivered to Rt. Hon. W. L. Mackenzie King by air mail at noon yesterday, pleased the Prime Minister so much that he immediately telegraphed his thanks to the Victoria Junior Chamber of Commerce, who sent the flowers, and all in less than twenty-four hours.

His telegram to G. C. Parrott, president of the junior chamber, reads as follows: "I received at noon today, by air mail, the box of flowers picked in Victoria yesterday and sent to me to mark the inauguration of scheduled air mail service between Victoria and Eastern Canada. The flowers were in perfect condition, and I should like to thank you and the officers and members of the Junior Chamber very warmly for this harbinger of Spring, from the shores of the Pacific."

Enclosed with the flowers sent by the Victoria body was a letter to Mr. King extending the chamber's thanks to his Government for the consideration given the plea of R. W. Mayhew, M.P. for Victoria, which led to the establishment of the air mail service between Victoria and Montreal.

The flowers left Victoria at 4 o'clock on Wednesday afternoon, and the Prime Minister's telegram of thanks was received at the local office of the Chamber of Commerce at 2 o'clock yesterday afternoon.

TWENTY-FIVE FEARED DEAD IN HOTEL FIRE

Continued from Page 1

screams from the burning hotel mingled with the harsh crackle of flames. People were seen dropping from windows as high as thirty feet from the ground.

Dormitory residents of the Y.M.C.A. on Barrington Street, Halifax's main business thoroughfare, which parallels Hollis Street, and is a block away, said they could hear the screams.

The flames spread rapidly through the structure, three storys in front but with an extra floor in the rear, and was believed to have trapped many of those occupying the upper rooms.

WIND SPREADS FLAMES

Fanned by a brisk twenty-five-mile wind, the fire spread quickly to buildings beside the hotel. To the north, a brick block housing the Nova Scotia Liquor Commission's Hollis Street store, and another containing Lohnes Restaurant and Star's Clothing Shop, quickly were ablaze and fell prey.

The flames spread then to the four-story brick Canadian General Electric Building on the corner of Sackville and Hollis Streets, and the National Drug Company's five-story brick structure on Sackville Street. At the rear of the hotel, flames began eating into wooden buildings on Halifax's historic Water Street.

All available ambulances, doctors and police and every piece of fire-fighting equipment in the city was rushed to the scene.

PLAYS BRAVE PART

Tom Richardson, night clerk at the Halifax Hotel, was one of the heroes of today's fire which destroyed the Queen.

Richardson ran to every occupied room in the Halifax, roused the occupants and then went next door where he rescued six women from the second floor of the Queen.

"I think I got them all from that part of the floor at any rate," Richardson said. "I heard a lot of screaming coming from above me but firemen were attending to them."

Firemen were busily engaged rescuing guests from the third and fourth floors when Richardson noticed the women clustered at the second-floor windows. Seizing a ladder, he hoisted it and brought down two women. He made four more trips up the ladder.

Thanks Mayor — Mayor Andrew McGavin was thanked for his assistance in making Victoria Apple Week a success, in a letter received yesterday from G. A. Barrat, secretary of the B.C. Fruit Board, Kelowna.

Royal Visit—The Esquimalt Council has suggested to the City Council that the city and adjoining municipalities co-operate in publishing an official souvenir programme for the royal visit. It was also uged that the Provincial Government be asked to contribute.

More Licences Issued—Eight additional retail gasoline dealers' licences were issued by the Provincial Fuel Control Board yesterday, together with one extension of an existing service until September 2. The licences were for a six months' period.

Landmark Down—Half a century or more in age, a rotting maple that had stood half dead on the grounds of the Legislative Buildings near the central walk was felled yesterday by provincial gardeners. The bole and limbs were pulpy inside from rot, it was discovered.

Shoots at Ducks—Police investigated a report at 3:30 o'clock yesterday afternoon that a boy was shooting at ducks with a .22 calibre rifle at Beechwood Avenue and Hollywood Crescent. The youth had departed before their arrival, but a description was secured.

Is Remanded—Charged in the city police court yesterday with attempting to steal an automobile from the Quarter Cab Company, Ltd., 708 Johnson Street, Alfred Norris was remanded until this morning. Noticing that the accused appeared in a dazed condition, Magistrate Henry C. Hall ordered a medical examination.

A sketch of a typical series of blocks has been prepared in colors, and may be inspected at the City Hall.

The animal was turned over to the Provincial Game Board. Mrs. R. Freethy, 1576 Begbie Street, reported to police at midnight that the animal had killed a chicken in her yard.

Stamps in Demand—Considerable interest is being evinced by local stamp collectors in the new special delivery stamps now on sale at the postoffice, the ordinary twenty cent value having been surcharged to reduce its cost to ten cents. As a result, there is a steady stream of purchasers, it being felt that the supply is limited since the over-printing is a temporary expedient pending a new issue of stamps for special delivery purposes.

Bowser, Ross, Taylor and Ellison," several acres of land in the Bulkley Valley were placed on the general list yesterday by a rescinding order, signed by "Messrs. Mr. Dyson's address was in the form of a lecture and was interestingly illustrated by colored motion pictures showing the construction of the First Narrows Bridge, Vancouver, from the start to the completion. Scenes of travel in British Columbia, and of various power projects including the Grand Coulee Dam were also shown.

Sixteen members from the Duncan Kinsmen Club were present and led community singing. It was announced that the annual district convention would be held in Vernon, B.C., on May 23. The club has decided to co-operate with the Junior Women's Auxiliary of St. Joseph's Hospital in holding a frolic at the Crystal Garden during the visit of the King and Queen to this city.

Good Supply of Linen Received for Hospital

The Senior Women's Auxiliary of the Jubilee Hospital welcomed a large number of visitors at the Nurses' Home yesterday, the occasion of the annual linen shower in aid of the hospital. Mrs. R. J. Jameson, president of the W.A., and Mrs. H. G. S. Helsterman, general convener of the affair, welcomed the visitors in the recreation lounge, which had been attractively decorated for the occasion with plum blossom and daffodils. Here tea was served, the table centred with a beautiful crystal bowl of choice daffodils and pale pink plum blossom; and pouring tea during the afternoon were Mrs. J. S. H. Matson, Mrs. W. C. Nichol, Mrs. G. Hamilton Harman and Mrs. F. E. Winslow. The tea convener was Miss C. Hall, who was assisted in serving by Mrs. G. Warner, Mrs. R. L. Miller and Mrs. Ray Rome, as well as members of the auxiliary.

The linen donations, which numbered 796 pieces, were received by Mrs. C. T. Beard and Mrs. J. Sutherland Brown, assisted by Mrs. D. Scott. Mrs. David McMillan had charge of the cash donations, which amounted to $124, and Mrs. A. C. Ross and Mrs. G. H. Hall kept an account of the list of donations. These included 297 pillow slips, 181 bath towels, twelve sheets, seventy-three face towels, 156 table napkins, sixty-four face cloths and thirteen tray cloths and bureau covers.

A delightful feature of the afternoon was the singing of Mrs. T. H. Johns, whose numbers were: "When I Have Sung My Songs" (Charles), "All the World's in Love" (Woodman), "In the Silent Night" (Rachmaninoff), "Through the Years" (Youmans), and in response to appreciative applause, Mrs. Johns sang as an encore, "Without a Song," by Youmans. Mrs. C. C. Warn was an able and sympathetic accompanist.

Conveners Announced By Chapter

Councillors appointed at the monthly meeting of the Sir James and Lady Douglas Chapter, I.O.D.E., held yesterday afternoon, include Mrs. W. J. Goepel, Mrs. James Shaw, Mrs. Austin Gale, Mrs. R. P. Phillips, Mrs. C. Williams, Miss C. M. McMullin, Miss Josette Tolmie, Mrs. A. J. Cowan, Miss M. McAdam and Mrs. A. Walter.

The regent, Mrs. A. S. Christie, appointed Mrs. C. V. Milton as convener of films; Mrs. Ada Matheson, Girl Guide convener, and Mrs. H. Goodfellow, social convener. Letters of appreciation were read by the secretary from the newly-appointed honorary vice-presidents, Mrs. Colin Cummins, Miss S. R. Crease and Mrs. Fitzherbert Bullen.

The thanks of the chapter were offered by the regent to Miss Georgina Herd and all who assisted in making "Gypsyland" such a pronounced success at the recent I.O.D.E. fete gala held at the Armoury. Special thanks were included to Mr. and Mrs. McPherson, who loaned the covered wagon, and they will be specially invited guests at the birthday luncheon to be held by the chapter at the Hudson's Bay Company on March 14. Mr. V. L. Denton, principal of the Provincial Normal School, will be guest speaker at the luncheon. Reservations may now be placed with the secretary by telephoning G 7491.

The resolution, re defence, forwarded to the Local Council of Women, was withdrawn. Mrs. James Shaw read the treasurer's report for the past year, and the thanks of the chapter will be sent to Miss Richardson, who has audited the books for several years past.

Sympathy for the family of the late Miss Hilda Harris, granddaughter of the late Sir James and Lady Douglas, was expressed by silent tribute by the members of the chapter prior to the opening of the meeting. Miss Harris was one of the charter members of the chapter, and her willing assistance rendered so frequently, when she was in good health, is a very happy memory to many members who where closely associated with her in the chapter. The members regretted the accident Mrs. G. W. Pottinger suffered during the past week.

Miss B. Grant was received as a member of the chapter. Miss Ada Matheson gave the Girl Guides' report. Refreshments were served after the meeting by the executive.

Pleats Give Trim New Line

Classic in every line is this shirtwaist dress with pleated skirt, completely stitched to well below the hip. The gay checked print on white ground suggests a bayadere stripe when handled in this manner, and looks fresh because of this fact. Note the wide straw brim with this dress. The cartwheel brim is another classic fashion for this Spring season.—Copyright 1939, by Fashion League.

Saskatchewan Association to Hold Reunion

The Saskatchewan Association, having had so many requests, will hold another social reunion next Monday at 7:30 p.m. at the A.O.F. Hall, when ex-residents and visitors from the three Prairie provinces will be welcomed.

Another ambitious programme will be presented, a special feature being a troupe of children from the Russian Ballet School of Dancing, through the kindness of Mrs. Dorothy Wilson and parents.

Mr. Stewart Fleming, a well-known local baritone, will sing "Captain Mac" and "I'll Take You Home Again, Kathleen." Mrs. J. H. Blake, comedienne, will be of particular interest to the older folk. Miss Dempsey, talented young soprano, will sing a group of solos. Mr. Geldheart, who is visiting in Victoria and who so ably conducted the community singing at the last reunion, was prevailed upon to extend his stay so as to again take charge of this part of the programme. Miss Gertrude Riche, A.T.C.M., will be the accompanist.

There will be dancing after the programme until 1 a.m., and cards will be played for those who do not care to dance. Good prizes will be awarded the winners.

Clubs-Societies

Venture Club

The business meeting of the Venture Club was held on Wednesday evening with Miss Lorna Turpel presiding. It was decided that an additional work night each month would be necessary for the club project, the next meeting to be held on Tuesday evening. Each girl selected the country she wished to study in connection with the study group and four members were asked to speak upon these at the next business meeting. It was decided that members of the Venture Club should sit together at the Spring fashion revue and tea that the Soroptimist Club will have on March 10 and 11 at the Hudson's Bay Company.

St. Matthew's Guild

The monthly meeting of St. Matthew's Guild, Langford, was held at the vicarage on Wednesday afternoon. Rev. R. E. M. Yerburgh gave a seasonable address on "Lent," and Mrs. H. A. Hincks, the president, read an interesting letter from her nephew in Haifa, telling of conditions in Palestine. Plans were made for a shamrock silver tea and apron sale to be held at the home of Mr. and Mrs. Smedley, Island Highway, Wednesday, March 15, from 3 to 5 o'clock. Mrs. Yerburgh, assisted by Mrs. H. A. Hincks, served tea.

St. Paul's W.A.

St. Paul's Naval and Garrison Church W.A. met in the Guildroom on Tuesday, Mrs. Silburn in the chair. Miss Lyon, the educational secretary, read the study book while the members did their work. A donation party and home cooking stall was arranged for Wednesday, March 15, at 2:30 p.m.

Britannia W.A.

Members of the W.A. to Britannia Branch No. 7, Canadian Legion, wishing to attend the dinner on Thursday, March 9, are asked to make reservations with Mrs. Jack Dempster, E 6394, before next Monday. The dinner will be followed by a dance in the Elks' Hall and will be open to interested friends.

Soroptimist Club

The monthly business meeting of the Soroptimist Club will be held in The Colonist board room, View Street, on Tuesday, March 7, at 8 o'clock.

Will Speak on Drought Area

Hon. George Spence, director of Prairie Farm Rehabilitation for the Dominion Government, will be the speaker at the next meeting of the Women's Canadian Club on Tuesday, March 14, when the much-discussed problem of "Rehabilitation of the Drought Area" will be reviewed by the lecturer with the assistance of lantern slides.

In discussing this subject Mr. Spence will be dealing with a matter which he understands thoroughly, as he homesteaded in Southern Saskatchewan for about twenty years following a period in the Yukon after his arrival in Canada in 1900. He was so interested in the plight of the settlers during the drought that he resigned the office of Minister of Public Works for Saskatchewan in order to become director of this rehabilitation scheme. He has the reputation of being a witty and clever speaker.

The Women's Canadian Club is now awaiting an answer from Lady Tweedsmuir to an invitation sent through Government House, Victoria, to attend a club reception in her honor some time during the week of March 19, the tentative date, pending Her Excellency's gracious acceptance, being Friday, March 24.

The next fixture in the Women's Canadian Club calendar is the lecture to be given on Tuesday, March 28, by Mrs. Don Munday, who will speak on the Jasper Park area. This lecture, also, will be illustrated with lantern slides.

Male Choir Gives Special Concert

A concert mainly featuring unaccompanied choral numbers was presented by the Victoria Male Choir, sponsored by the Cathedral A.Y.P.A., in the Memorial Hall on Tuesday evening. In their interpretation of the various selections, the choir showed excellent spirit and tone contrast. Particularly outstanding were "Men of Harlech," "Galloping Dick," "The Cossack," "Long Day Closes" and "Schumann's "Peaceful Lake." In the last selection there was perfect timing and accuracy.

A popular part of the programme occurred when the conductor, Eric V. Edwards, laid aside his baton and played as a piano solo the famous "Hungarian Rhapsody," encored by Beethoven's "Moonlight Sonata."

Concerted numbers also formed a feature of the evening's entertainment; a duet and quartette consisting of Messrs. J. Harris, L. O'Neill, W. Frampton and H. Bentham, being much appreciated.

Miss Jean Routley, accompanist of the choir, was heard to advantage in two vocal solos by Montague Phillips and Mr. Leslie Harmsworth was warmly applauded for his baritone solos.

Baby Has a Party

How he is enjoying himself! And he's doing himself a world of good, for in his bottle is a *Carnation Milk Formula*. Growing fast is the recognition of Carnation Milk as the *best* way to feed a baby cows' milk. The reasons are very simple.

Irradiated Carnation Milk is just cows' milk—nothing else. Part of the natural water is taken out. The milk is kept uniform so that no matter where you buy it, baby always finds it the same. It is canned and sterilized, so that you can keep any quantity on the pantry shelf, yet always have *safe* milk. In this processing, it becomes much more digestible than cows' milk in any other form. And irradiation gives it *more* "sunshine" vitamin D—*an extra supply*—to help build strong bones and sound teeth.

Ask your doctor.

Carnation Milk won fame for use in cooking because it makes everything taste better—and it is so economical. Just try it. Write for Carnation books. "The Contented Baby" is free. The big, colorful Carnation Cook Book is 15¢ (postpaid). Carnation Company Limited, Abbott St., Vancouver, B.C.

RADIO—*listen to the "Contented Hour" every Monday night. See your local newspaper for stations and time.*

SEEKS LIMIT TO RADIO PROFITS

Continued from Page 1

Mr. Brockington sketched the progress made and declared that this year 85 per cent of Canada's population would be adequately served by radio broadcasting.

A new agreement he characterized as "generous and fair" had been entered into between the corporation and The Canadian Press for the broadcasting of news. The national co-operative news-gathering organization placed its entire news service at the disposal of the corporation. This would be given free if the corporation undertook to select and edit the items it desired to use.

If, however, the corporation wanted that done by The Canadian Press, the corporation would pay the actual costs of the work. The sum of $20,000 a year had been agreed upon as the amount necessary.

Fashion Dictates a Season of Blouses

Stylists say that this Spring there is going to be a better and bigger suit season, which of course also means more and more blouses; so if you feel that your Winter dresses are aging, try scaring away their doldrums by giving them a new lease on life. Go on a blouse and neckwear buying spree. The dainty lingerie blouse shown above is feminine, and a crisp hand-made number from Kangere, of Paris. It boasts a chic fluted collar with a tiny, narrow, lace-trimmed edge. The white organdie fichu with the val edging, just like your grandmother used to wear, is very flattering on a black dress or daytime dress. The third model shows one of the old-time favorites that are always flattering and youthful—Peter Pan collar and cuffs. This set is brought up to date with embroidery and lace edging.

May Fair to Be Part of Festivities

There will be games of chance, wheels of fortune, horse racing, fortune telling, side shows, dancing, vaudeville and any amount of novelties for sale and featured entertainment. All amusements will be paid for with bogus money, which will be given to the patrons when they attend that evening.

Mrs. Edith Bayer is general convener of arrangements, and is being assisted by a committee, including Mrs. Norma Hood, Mrs. George Patt, Miss Clara Krubinski, Mrs. Vaughan Thompson, Miss Muriel Richards, Miss Rhoda Goward and Miss Nan Eve. Members of the auxiliary are forming groups and arranging their own games and booths, which they will be in charge of during the May fair.

NEWS BRINGS CRY OF JOY

Continued from Page 1

Dusk was falling fast as the new Vicar of Christ on Earth was borne to the balcony on his portable throne. The light in the hall behind the balcony contrasting sharply with the dark shadows across the facade of St. Peter's made his tiara sparkle and his white vestments gleam.

KNEEL FOR BLESSING

Many knelt for the blessing. Others bowed their heads and crossed themselves.

As the words of the Benediction were intoned in a melodious voice over the loudspeakers some latecomers were still forcing their way into the square.

The new Pontiff's appearance lasted less than five minutes. He remained on the balcony a moment or two after reciting the blessing, flourishing his hand in the sign of the cross and receiving the acclaim of the faithful below.

MOISTURE OVER NORMAL

SASKATOON, March 2 (CP).—The highest precipitation in thirty-four years, for the period September 1 until February 28, was recorded this year by the University of Saskatchewan physics department. According to Sidney G. Cox, weather observer, 8.81 inches of moisture fell this Winter, 4.78 inches above normal, he said.

According to Culbertson

Whenever a problem of play is put to me there is one question which I invariably ask: Am I to play the hand as though at rubber bridge, or at duplicate with match-point scoring? This is vital information. At rubber bridge I am not interested in extra tricks and cheerfully concede all chance to make them if I can throw greater safeguards around my contract. At duplicate, in which extra tricks usually produce extra match-points, safety is only one of the factors to be observed. Let us consider today's hand. Actually, it was played on a rubber bridge game, hence declarer's play was inconceivably bad. If he had made the same play on the same hand at duplicate bridge, I would not criticize it, at least, not severely.

The bidding:

North	East	South	West
1 ♦	Pass	2 NT	Pass
3 NT	Pass	Pass	Pass

West opened with the six of spades and declarer, apparently without giving the matter serious consideration, automatically reached for a low card from dummy. From that time on he was in trouble. East won with the king and promptly shifted to the heart queen. Declarer held up his ace for two rounds and then, having taken it, was faced with the necessity of guessing the diamond queen in order to run nine tricks. He had two spade tricks, one heart, and three clubs in clear sight, but still would need three diamonds. Acting on the "rule" of 50% finessing when holding nine of a suit, he laid down the diamond king, then, led to dummy's ace. The rule let him down in this case, however (how sad that it does this so often), and his ninth trick never materialized. The defenders took three hearts, a spade and a diamond.

It was nothing short of criminal to lose this contract in a rubber bridge game. Declarer should have seen that if East had the spade king and could win the first trick, a heart shift would be inevitable. This would drive out his single heart stopper before the diamond suit was surely established and would place him at the mercy of a successful diamond finesse or drop. It was not at all important that declarer make two spade tricks instead of one. The vital feature was to guard against a heart shift. It would have been completely safe for declarer to have put up dummy's spade ace at the first trick, then, to insure that East could not take the lead for a spade return through the queen, to take a diamond finesse from dummy up to the ten spot. West, of course, would have won with his queen, but could have made no return that would have affected the contract. A spade return merely would have established declarer's queen.

At match-point duplicate, I must admit that declarer would have a choice of plays of the first trick. The safety element still would require his putting up dummy's spade ace, but the factor of extra tricks might justify the attempt to win the first trick with the spade queen. It is this difference of objective, due to the scoring, that accounts for the difference in playing technique necessary at match-point duplicate and at rubber bridge.

LOVE COMES LAST

By Julie Anne Moore

CHAPTER XXIII

Bart had said, "I've waited three weeks to tell you and perhaps I shouldn't have told you now, but—well, I wanted you to know, Laura." That was all. After long troubled minutes of silence, Laura understood he had said all he had intended saying. He wanted her to know. It was a warning.

At a signal from the orchestra a young couple—they seemed hardly more than children—appeared. They stood near the edge of the small stage and began to talk.

Bart said, "The floor shows in New York have fallen to the level of high-school theatricals. Let's go."

But Laura held out her hand. "Not yet, Bart."

The murmur of disapproval that swept over the big room had drowned out every word of the two on the stage, but there was something in those two young faces that fascinated her. They were not two performers on a stage; they were a boy and a girl from whom the world held only themselves and an age-old wonder. They created this impression by their complete unawareness of the audience, by their casual gestures, by the half frightened way the girl looked at the boy and so quickly looked away again.

Bart shrugged and settled back in his chair. "We'll go in a minute," Laura whispered and leaned forward, straining to hear.

But now a silence that began near the stage had moved steadily back to the farthest corners of the room, and expressions of boredom were rapidly giving away to genuine interest.

The boy said, "I love you . . . I guess you don't know what that means!"

"I know," the girl said, shyly.

The boy said, "It means—it means I want you to love me, too."

The girl's dark head nodded, but she would not look at him.

"It means," said the boy, "that I want us to belong to each other, Jen. For always and always."

And still the girl would not look at him, and after a moment the boy stood very near to her and his arms were almost rigid as if they dared not do what his heart had bidden them do. And he said, "Do you understand, Jen?"

The girl's startled gaze flicked over his face and fastened on her clasped hands again. "I understand," she said.

Very gently the boy took her in his arms and kissed her.

The applause came suddenly, a blast of sound, and for the first time the young couple acknowledged the presence of an audience. They smiled, bowed, and went off the stage hand in hand.

Bart said, when they were outside, "They've got something—but what?"

"The ability to portray young love so convincingly that blase New Yorkers sit in silence and twist their handkerchiefs and look back wistfully over the years," Laura said in a single breath. She caught his arms and shook him. "Bart, wake up—don't you realize you've just seen a natural for your Spring Dawn cosmetics accounts."

Bart tried to be polite about it. "I'll grant you they did something to that crowd. But I don't know why. That skit was plain childish."

"It was real. They made it real. They said the sort of things boys and girls in love say to each other. And they acted their parts so well you almost believed they were in love."

"All right. Let's say they put it over. How long would that sort of drivel hold up on a five-week radio programme?"

"But don't you see," Laura said, earnestly. "You'd put them in a serial. The love scenes would be few and far between, but there would always be a promise of one, just as there would always be a threat of something to destroy their love. They'd do a grand job, Bart. I know they would."

"Suppose their voices didn't get over?"

Laura looked up at him, laughing. "In other words you aren't sold?"

"I'm afraid not." Bart said. "I believe my tastes are fairly average, Laura. When I like a thing it's a good bet others will like it. In the past five years I've passed on quite a few radio programmes for clients and I've had no standards to go by except my own reactions. To me your young lovers are just two people talking."

"You didn't feel anything at all? You didn't think of the first time you fell in love, Bart?"

He was suddenly grinning. "Just a minute—am I being led into some kind of a trap?"

Laura smiled. "When you were in high school or just after, there was a girl—the very first—there always is at that age. You didn't think of her?"

They walked a dozen steps before he answered, "I was too intent on getting somewhere to bother with girls. Even in high school."

"Then you missed one of the sweetest experiences in life," Laura said.

DISCRETION ON FEES TO BOARD

B.C. Utilities Commission Given Authority Over Imposts and Renewals

The full extent of the new fee system for applications for certificates from the British Columbia Public Utilities Commission became apparent yesterday, upon production of the covering order-in-council. The fees, ranging from $10 to $200 for light and power companies; and from $50 to $200 for waterworks, must be paid in advance, and may be sequestered if the applications lie dormant for six months.

The Utilities Commission is authorized to rebate all or part of the fee upon the refusal of an application for a certificate of public convenience and necessity; or not to do so, at its own discretion.

A schedule of one-half of the standard fees chargeable for new services or extensions of existing services will be payable for amended certificates of public convenience and necessity, with a maximum rate for altered certificates of $25.

Both new and renewed certificates are payable in advance, with the application on special form by the utility concerned.

The machinery was set up by order-in-council this week, by way of approval of regulation No. 2 of the commission. Regulation No. 1 demanded prodfction of utilities rates on or before March 23.

The Lieutenant-Governor and Mrs. Hamber are shown inspecting the work and an excellent view of the grounds is to be had. The big banquet hall, where the official dinner will be held, is also shown.

IMPORTANT CUP MATCHES SCHEDULED IN ENGLAND

Canadiens Defeat Leafs; Chicago in Win Over Rangers

Montreal Holds Sixth Position by Scoring 3-1 Victory Over Toronto — Cellar Occupants Down New York by Same Score — Detroit Trims Americans by 7-3 Count

MONTREAL, March 2 (CP).—A goal by Gus Marker with only a little more than a minute to play spoiled a shutout tonight for rookie Claude Bourque, but Montreal Canadiens maintained their slender hold on sixth place in the National Hockey League with a 3-1 victory over the fourth place Toronto Maple Leafs.

Marker's goal came just when it seemed Bourque would score his second shutout since replacing the injured Wilf Cude three games previous to the tilt with Leafs.

Rod Lorrain, Louis Trudel and Johnny Gagnon scored the goals that gave Canadiens their victory before a crowd of slightly more than 9,200.

Referee, Mickey Ion; linesman, A. G. Smith.

Summary

First period—No score. Penalties: Horner, Haynes, Kampman.

Second period—1, Montreal, Lorrain (Cain, Drouin), 7:02. Penalties: None.

Third period—2, Montreal, Trudel (Drouin, Lorrain), 6:10; 3, Montreal, Gagnon (Blake, Haynes), 14:05; 4, Toronto, Marker (Romnes, Jackson), 18:53. Penalties: None.

RANGERS GO UNDER

NEW YORK, March 2 (CP).—The cellar-place Chicago Black Hawks upset New York Rangers 3-1 tonight, but missed a chance to improve their National Hockey League status as Montreal Canadiens kept a point ahead by beating Toronto Maple Leafs. A crowd of 6,500 saw the game in Madison Square Garden.

Aided by a fine game by Mike Karakas in the Chicago nets, the Hawks went into the lead on Bill Thoms' goal in the first period, added two more in the second, and then held on desperately through the final frame as the blueshirts pressed hard and Al Shibicky tallied their only goal.

Besides Thoms, the Chicago marksmen were Earl Robinson and Russ Blinco. Dave Kerr, the Ranger goalie, looked none too good on two of the Hawk tallies.

Referee, Clarence Campbell; linesman, Fred Stevenson.

Summary

First period—1, Chicago, Thoms (Northcott), 16:10. Penalties: Seibert, Heller.

Second period—2, Chicago, Robinson (Mason), 16:34; 3, Chicago, Blinco (Cooper), 17:44. Penalty: Shibicky.

Third period—4, Rangers, Shibicky (Heller, M. Colville), 9:35. Penalties: None.

WINGS WIN EASILY

DETROIT, March 2 (CP).—The slumping New York Americans absorbed another battering tonight as Detroit Red Wings trounced them 7-3 to tighten their hold on fifth place in the National Hockey League.

The Red Wings flashed some of their fastest skating of the season before 7,012 spectators.

Syd Howe, with three goals and an assist, led the Red Wing attack. Eddie Wares put Detroit in the lead in the first period and Howe and Marty Barry quickly banged home counters when Joe Jerwa was sent to the penalty box in the second.

Lorne Carr finally drove home Amerks' first goal in the second, but Alex Motter skated in to beat Goalie Earl Robertson, and Howe winged a neat pass from Charlie Conacher into the net before Eddie Wiseman scored again for the New Yorkers.

Trailing 5-2, the Amerks tried to turn the tide with four-man rushes, but Pete Kelly and Howe broke away for the final Detroit goals. Johnny Gallagher, ex-Red Wing, drove a long one between Goalie Tiny Thompson's skates for the last New York goal, a minute before the game ended.

Referee, Norm Lamport; linesman, C. R. McVeigh.

Summary

First period—1, Detroit, Wares, 13:27. Penalties: None.

Second period—2, Detroit, Howe (Giesebrecht), :41; 3, Detroit, Barry (Howe, Giesebrecht), 1:56; 4, Americans, Carr (Schriner, Chapman), 8:26; 5, Detroit, Motter (Kelly), 11:43. Penalties: Jerwa, Howe.

Third period—6, Detroit, Howe (Conacher, Jones), 6:32; 7, Americans, Wiseman (Stewart, Carr), 8:23; 8, Detroit, Kelly (Motter, Liscombe), 11:51; 9, Detroit, Howe (Conacher, Barry), 17:39; 10, Americans, Gallagher (Wiseman), 18:56. Penalty: Jones.

Rugby Dates Are Changed Back to Middle of April

ANOTHER change in the dates of the visit of the British Columbia Rugby team to the San Francisco Exposition has been made, it was announced yesterday. The team will play its games on the original dates, April 12, 15, 19 and 22. There is still a possibility that the scheduled trial match between the Probables and Possibles will be carried out. Tomorrow afternoon, with the Victoria "rep" team playing in the final game of the McKechnie Cup series in Vancouver, two intermediate tussles will be run off here at Macdonald Park at 3 o'clock. On the upper ground, Canadian Scottish and Victoria College will clash and on the lower it will be Oak Bay Wanderers and the Navy. Wanderers' line-up will be as follows: Clarke, Cook, Corcoran, Barber, Davies, Brodigan, Murdoch, Turner, Page, Morrison, Elliott, Davey, McDonald, Palin and Boate.

B.C. PLAYERS ADVANCE IN BADMINTON

Samis, Birch and Margaret Taylor Win in Canadian Badminton Tourney

TORONTO, March 2 (CP).—Ontario pairs beat a surprising rat-a-tat-tat in the centre courts at the Toronto Badminton and Racquet Club today to produce the feature matches on the second day of the Canadian badminton championships.

Barbara Jarman and Doreen Clapperton, of Toronto, who came here from Calgary only recently, spilled the national champions, Margaret and Ruth Robertson, of Ottawa, from the women's doubles in the third round. The transplanted Albertans had too much speed and hard hitting for the Ottawa sisters, and won 14-18, 17-15 and 15-8.

Finalists in the recent Ontario tournament, Jim and Paul Snyder, of Waterloo, were given a hectic time before defeating Jim and Phil Stevenson, of London, 15-8, 10-15, 15-12, in the men's doubles, third round.

B.C. GIRL WINS

Three of last year's semi-finalists reached semi-finals again in women's singles, and the fourth, Mrs. W. R. Walton, Jr., of Toronto, and formerly of Swift Current, Sask., who was champion last year, is abroad seeking the All-England title. Anne Boivin, of Quebec, supplanted Mrs. Walton in the penultimate bracket, along with Mrs. Guy Perodeau, of Ottawa; Marjorie Delaney, of Quebec, and Margaret Taylor, of Kelowna, B.C. Mrs. Perodeau will play Miss Delaney, and Miss Boivin will meet Miss Taylor tomorrow night.

Men's singles reached the quarter-finals, with twenty-year-old Johnny Samis, of Vancouver, still a strong favorite to retain his title after a handy 15-1, 15-7 victory over L. Purvis, of Ottawa. Dick Birch, of Vancouver, 1937 champion, defeated H. Ford, of Toronto, 15-5, 15-4.

Elongated Dick Birch, of Vancouver, advanced into the semi-finals of the championships by defeating Jimmy Forsythe, of Winnipeg, 15-7, 17-14, after a brilliant second-set rally in quarter-final play tonight. The match was brought forward from tomorrow, when other quarter-finals are to be played.

Down 8-1 in the second set, Birch put on a sustained rally to run the score to 14-12 for Forsythe. At that point, Forsythe served game point on three occasions but was inclined to wildness and Birch tied the score, then took three points running in extra play.

Jack Roper in Action

Signed to fight Champion Joe Louis in April is Jack Roper (left) shown tied up in a clinch with Junior Munsell, of Oklahoma, when they met at Hollywood, Cal. This clinch took place in the third round. In the fourth, Roper knocked Munsell down for a nine-count and won the decision.

BELIEVE IT OR NOT . . . . By Ripley

EXPLANATION FOR WEDNESDAY'S RIPLEY CARTOON

The Father of Captains—James Blanchard, Maine shipbuilder, was the father of 1, William H.; 2, Raymond; 3, Jubilee; 4, Elbridge; 5, Lock; 6, James; 7, Shepard. All seven sons were ship captains and all were lost at sea. Of his four grandsons who were likewise ship captains one, Fred P. Blanchard, was also lost at sea.

Numerous other bearers of the Blanchard name were shipmasters, being more distantly related to the subject of my cartoon.

Cows That Eat Fish—In August, 1938, Ed. C. Kirby, of Houston, Texas, observed and photographed cattle at Bird Island, near Corpus Christie, Texas, eating fish caught along the beach. This followed a long period of high north winds that drove the fish in close to shore. It is thought the cows may have been seeking salt through their unusual diet.

Plans of Arena Discussed With R. W. Mayhew

PLANS of the arena in St. Catherines, Ont., and other eastern auditoriums were discussed at a meeting yesterday morning between R. W. Mayhew, M.P., and the Victoria Auditorium and Sports Arena Committee, in the board room of the Royal Trust Company. The plan of the St. Catherines structure seemed applicable to Victoria, the committee reported, and might be constructed here at a slightly less cost than originally estimated. As a result of the meeting plans are being formulated which will be presented to the City Council at an early date.

FINAL MATCH OPENS TODAY IN S. AFRICA

Clear Weather Is Predicted When England Faces The Springboks

DURBAN, South Africa, March 2 (CP).—Rain during the past two days has prevented English and South African cricketers from practising in preparation for the fifth and final test match, scheduled to open here tomorrow. Indications are that the weather will clear tonight.

While South Africa will rely on the eleven that played so well in the fourth test a week ago, Wally Hammond, England's skipper, announced two changes in his team. Reginald Perks, Worcestershire, comes in for Tom Goddard, Gloucestershire veteran, and Douglas Wright, Kent, replaces L. L. Wilkinson, young Lancastrian.

Perks, a consistent fast medium bowler, is playing for the first time in test cricket, while Wilkinson's omission may be due to the removal of a boil on his bowling hand which is still bandaged.

PULLS LEG MUSCLE

Eddie Paynter, one of the mainstays of the team, pulled a leg muscle in the game against Natal at Pietermaritzburg a few days ago and was forced to retire. There was some doubt about the veteran Lancashire player's fitness, but after working out at the Kingsmead ground it was decided to include him in the team.

England has a one-game advantage in the series and the concluding tussle will be played to a finish. The tourists won by an innings and 13 runs in the third test, the other matches being drawn.

The teams follow:

South Africa—Alan Melville (captain), B. Mitchell, E. A. Rowan, K. G. Viljoen, A. B. C. Langton, N. Gordon, E. S. Newson, R. E. Grieveson, Transvaal; D. Nourse, E. L. Dalton, Natal; P. Van Der Byl, Western Province.

England—W. H. Hammond (captain), Gloucestershire; P. A. Gibb, Hutton, Verity, Yorkshire; B. H. Valentine, Ames, Wright, Kent; K. Farnes, Essex; Paynter, Lancashire; Edrich, Middlesex; Perks, Worcestershire.

Members Chosen By Cowichan Club

DUNCAN, March 2.—At a meeting of the Cowichan Golf Committee, held last night, four new members were elected, A. Gower, J. Gillatt, A. R. Hames and Herman Brown.

Plans for competitions for younger members were discussed and a committee of Misses Jean Duncan, Viola Harris, H. C. Hanson and David Crane was chosen to make arrangements.

March 26 was chosen for an eighteen-hole tryout for juniors, when the winner will go to Victoria to enter the elimination for the Slater Trophy, which is to be played for at Montreal.

Yesterday afternoon a nine-hole medal competition was held, the winner being Mrs. C. C. Wright. Other competitors were Mrs. F. G. Aldersey, Miss Jean Duncan, Miss Doris Powel, Mrs. C. Grassie, Mrs. G. K. Hobson, Mrs. H. S. Fox and Mrs. W. H. Smith.

CANADA IS INVITED

EDMONTON, March 2 (CP).—Canada has received an invitation to send a team to the world amateur baseball championships, to be held in Havana, Cuba, August 12-27, 1939, Sergeant John Leslie, honorary secretary of the Amateur Athletic Union of Canada, announced today. To the winner will go the John Moore's Cup.

A.A.U. of C. branches interested in sending a team to the tournament, Sergeant Leslie said, should communicate with him on or before March 28. Otherwise, he said, the International Amateur Baseball Federation, sponsors of the championship, will be advised that Canada will not be represented.

WOLVERHAMPTON XI WILL FACE EVERTON IN FEATURE TUSSLE

High-Ranking First Division Clubs to Meet in Sixth Round of English Cup on Saturday — Large Crowds Expected—Cup Games Also Booked in Scotland

LONDON, March 2 (CP).—Provided the weatherman is kind to English sportsmen Saturday, record crowds are expected to watch the most attractive football games listed in recent years. In addition to sixth-round cup ties there are several big league matches, including Birmingham and Sheffield Derbies, while London's eleven clubs play at home.

The glamor of cup competition transcends all and without doubt the match of the day will be staged at Wolverhampton, where the Wanderers tackle Everton. Disregarding the recent league massacre on the same ground when the Wolves, playing what was described as the best football for twenty years, swamped Everton, 7-0, the home team is picked to win.

Molyneaux Park will probably house a record crowd for the match, the winner of which might as well take the cup, now held by Preston North End, and the league championship. Record attendance for the ground was set last year, 61,267 spectators watching Arsenal defeat Wanderers, 2-1, in the fourth round of the cup.

FAVORED TEAMS

Only one Second Division team—Blackburn Rovers — is included among the eight that play Saturday. Critics favor Huddersfield Town and Chelsea to defeat Blackburn and Grimsby Town respectively, but the match between Portsmouth and Preston North End, the cup holder, on the former's ground at Fratton Park, appears more open. Portsmouth is a hard team to beat on its own ground.

R. W. Westwood, Bolton Wanderers' international inside-left, returns to the Lancastrians' line-up for the league encounter with Arsenal at Highbury. He has been out of the game since November, when he underwent a cartilage operation.

Aston Villa and its neighbor, Birmingham, will draw a huge crowd to Villa Park, and the same applies to the Sheffield Wednesday-Sheffield United contest on the former's enclosure. A draw will put the visiting squad at the top of the league one point ahead of Blackburn Rovers.

Although Bristol Rovers are fighting to get away from the bottom of the Third Division's Southern Section they are capable of putting up a great fight against Newport County, strong promotion candidate. Barnsley, runaway leader in the Northern circuit, should capture maximum points at Crewe.

SCOTTISH GAMES

GLASGOW, March 2 (CP).—Fourth round Scottish Football Cup matches provide the chief attraction on Scotland's sports programme at the week-end. Seven major league squads, together with Alloa, sole representative of the Second Division, battle to determine entrants to the tournament's semi-finals.

Cup-ties cut into the league programme, but five senior matches are down for decision. The Second Division schedule will be carried out, with the exception of the Alloa-Brechin City fixture.

Shawfield Park will hold a capacity crowd when Clyde and Third Lanark meet in the only all-Glasgow match in the cup games. Clyde set the fans talking by its 4-1 victory over Rangers at Ibrox Park in the third round and with ground advantage is favored to repeat. Scouts from other clubs are expected to watch W. Martin, clever centre forward, who scored all the goals for his club against the leading Rangers.

Hard contests are carded for Motherwell and Aberdeen. The Fir Parkers oppose Celtic, who reached the fourth round after two gruelling encounters with Heart of Midlothian. Queen of the South, one of the surprises of the year in league play, is visitor at Aberdeen, and again the benefit of a home crowd and pitch may prove the deciding factor.

FACES THE HIBS

Alloa's efforts to uphold the honor of the Second Division in cup competition will be watched with interest. Last year East Fife made history by becoming the first Second Division club to win the trophy, but this season was eliminated early. Alloa goes to Edinburgh, Saturday, to oppose the strong Hibernian outfit at Easter Road.

Rangers play Raith Rovers at Kirkcaldy in the outstanding match on the league schedule. Battling desperately to avoid relegation, the Rovers are certain to make the light blues go all out to win. Albion Rovers, co-occupants with Raith of the cellar position, have a home game with Hamilton Academicals.

In Second Division play, Cowdenbeath, the pacesetter, is away to Morton, whose showing has been none too good since it was demoted to junior company last April.

Meets Port Angeles Fighter Tonight

NELS STEPHEN

HARD-hitting soldier fisticuffer from Work Point Barracks, who battles Eddie Smith, Port Angeles boxer, in the main event of tonight's international boxing show at the Army and Navy Veterans' auditorium. Matchmaker Louis Callan, of the Victoria Boys' Athletic and Hobby Club, show sponsors, yesterday completed plans for the five-round scrap, the third over that distance on the card. Other five-rounders will present Billy Knowles, Victoria, vs. Hestel Hardy, Port Angeles, and Gordon Purser, Vancouver, vs. Bobby Jacobson, Port Angeles. Six visiting fighters, five from Port Angeles and one from Vancouver will appear on the card of eight bouts. The first mix will start at 8 o'clock.

BOXING CARD SET TONIGHT

Victoria, Vancouver and Port Angeles Boxers on Attractive Programme

Amateur boxers from Vancouver, Port Angeles and Victoria will swap punches tonight at the Army and Navy Veterans' auditorium, Wharf Street, when the Victoria Boys' Athletic and Hobby Club presents its third show of the Winter season. Eight bouts are listed, with the first scrap scheduled to start at 8 o'clock.

Matchmaker Louis Callan yesterday announced the matching of Private Nels Stephen, Work Point Barracks, with Eddie Smith, Port Angeles. The boys are scheduled to step five rounds at 165 pounds. Stephen, a former Golden Gloves contestant, is one of the most promising of the local scrappers and should make the evening chores interesting for the visiting battler.

Billy Knowles, Victoria boxer, returns to the wars to match punches with Hestel Hardy, Port Angeles. Knowles stepped five rounds to a draw with Bobby Jacobson in his last start and figures to make the going hard tonight for Hardy. They will meet at 145 pounds.

The third five-rounder on the card will bring together Gordon Purser, rugged Vancouver fisticuffer, and Bobby Jacobson in the lightweight division.

OTHER BOUTS

Other bouts on the card are as follows:

Allan Duval, Victoria, vs. Tommy Scotsberg, Port Angeles. Three rounds at 126 pounds.

Ted Gray, Victoria, vs. Norman Sevilla, Port Angeles. Three rounds at 118 pounds.

Lionel Speller, Victoria, vs. Roy Duval, Victoria. Three rounds at 120 pounds.

Bruce Wright, Victoria, vs. Jack McLeod, Victoria. Three rounds at 140 pounds.

Orie LeBus, Victoria, vs. Allan McMillan, Victoria. Three rounds at seventy pounds.

The judges will be Al Davies and Bill Inglis, and Billy Buxton, Victoria's southpaw battler, will be the third man in the ring. Timekeeper, Harry Stanley.

LIVERPOOL RUGGERS WIN

LONDON, March 2 (CP).—Liverpool Stanley defeated Widnes, 9-3, in an English Rugby League match, played on the latter's ground today. In a Rugby Union contest at Northampton, Barbarians beat East Midlands, 23-11.

Twenty-Seven Swim Stars Coming From Mainland Tomorrow

Strong Invading Contingent to Seek British Columbia Aquatic Titles Saturday Evening in the Crystal Garden Tank—Competition Will Be Keen

Champions in their respective classes on the Mainland, twenty-seven mermaids and mermen, proteges of Percy Norman, coach of Canada's swimmers at the 1936 Olympic Games at Berlin, Germany, will compete tomorrow in the British Columbia championships at the Crystal Garden tank. The contingent is the largest ever to come from the Terminal City, and should make a good showing in the many title events. The gala will get under way at 8 o'clock.

George Bone, secretary of the Vancouver Island Swimming League, sponsors of the provincial championship gala, announced last night that the entry list has set an all-time record, and indications point to one of the finest water galas ever staged in the local pool.

STARS COMING

Vancouver will be represented by such stars as Lynda Adams, Noel Oxenbury, Joan Langdon, Pat O'Hara, Terry Macaulay, Jack Pomfret and Frank Lewis, latest diving sensation. Many other swimmers who have yet to gain national recognition will be included in Coach Percy Norman's contingent.

Miss Adams is the defending women's three-metre board diving champion and a member of Canada's British Empire Games team on two occasions. The comely Vancouver miss also represented the Maple Leaf at the Olympic Games in 1936.

One the better backstroke artists in Canada, Miss Noel Oxenbury competed in two British Empire Games and one Olympic meet as a member of the Dominion's aquatic squad. Miss Joan Langdon, ace breast-stroke swimmer, has also gained national recognition, and rates with Canada's best in that division.

Terry Macaulay, Vancouver's ace free-styler, is mentioned as a candidate for the 1940 Olympic Games, while O'Hara has won many honors in national competition. Pomfret specializes in the backstroke, and also swims a good race as a breast-stroke artist.

With the prospects of a trip to the World's Fair at San Francisco in the offing, the Vancouver contingent will be out to win the majority of the British Columbia championship events. The Mainlanders will also be anxious to better existing provincial and Canadian records.

LOCAL CLUBS

Stars from the Y.M.C.A., Pacific Club and Victoria Amateur Swimming Club will represent the British Columbia capital in the many title events. The local squad will be the strongest in many years, and followers of the aquatic pastime should witness some excellent competition.

Of the record entry list, more than eighty prombing swimmers and divers will represent Victoria. The local senior team is well balanced, while the junior and juvenile competitors should take their share of the laurels.

Advance ticket sales have been good and present indications point to a good attendance being on hand to see the cream of British Columbia's swimmers and divers in action.

SABIN PUTS OUT TIDBALL

Scores Straight Victory Over Los Angeles Star In Title Meet

NEW YORK, March 2 (AP).—If you have been wondering why Wayne Sabin hasn't lost a tennis match since the first of the year, you should have been at the Seventh Regiment Armoury today watching him dust off Jack Tidball, of Los Angeles, 6-3, 6-1, 8-6, to reach the final round of the men's singles in the national indoor championships. It was a lesson in how tennis should be played.

Top-seeded Sabin, familiar sight on the courts of Vancouver and Victoria a few years ago, could do no wrong. When the Portland, Ore., Davis Cup hopeful moved into volleying position, Tidball might as well have tried to bat balls through a brick wall.

When Wayne chose to stay on the baseline and let Tidball try his luck at the net, one of three things happened: The Californian was passed by whizzing forehand and backhand drives, or he was caught off balance as he was coming up by soft shots that just cleared the net, or he was sent tearing back for the baseline by beautifully-placed lobs.

COMES TO LIFE

Tidball suddenly came to life in the third set. His service and his volleys started clicking. He broke Sabin's service in the third game, played him all-even through the tenth and then broke again in the eleventh, a 26-point battle, to lead at 6-1. But there Sabin bore down again and breezed through the last three games for the match.

Last year, in the semi-finals, Sabin wrenched his knee while leading Frank Bowden 5-0 in the first set. Tomorrow Bowden will play another New Yorker, Chauncey D. Steele, Jr., for the right to meet Sabin in Saturday's final.

CHEATED CURSE SIXTEEN YEARS

Howard Carter, Opener of Tut-Ank-Amen's Tomb, Succumbs

LONDON, March 2 (AP).—Howard Carter, who tapped the thirty-two-centuries old tomb of the Boy King Tut-Ank-Amen in defiance of the "curse of the Pharoahs," died at the age of sixty-six at his home here tonight—sixteen years after his thrilling discovery.

He had been ill for some time.

The English archaeologist penetrated the Egyptian tomb in 1922 and found the mummified body of the king, priceless jewels and ancient furniture. The king's body was encased in three coffins, the last of which was pure gold.

Moses supposedly led the Israelites through the Red Sea during King Tut's reign sometime between the fifteenth and fourteenth centuries before Christ, and the discoveries in the excavations of his tomb aroused great popular interest.

FIRST TO DIE

About twenty persons connected with the discovery died in recent years. Lord Carnarvon, who financed the expedition, was the first to die—from a mosquito bite—six weeks after the tomb was opened.

Others who died included humble workmen employed in removing the 2,000 tons of earth to reach the ancient crypt.

Each time a death was recorded the Pharoah's curse, "death shall come on swift wings to him that toucheth the tomb of Pharoah," was recalled.

Carter always termed the curse "tommy rot." A few years ago he said:

"If anybody was exposed to the curse I was. I slept in the tomb for two weeks and even had my meals there, and never felt better in my life."

GRADS IN VICTORY

DETROIT, March 2 (CP).—Edmonton Grads defeated Detroit Hoizbaugh, 23-12, in a fast close-checking women's basketball game here tonight before 300 fans. It was the final game in a tour by the world champion team, and they showed the strain of playing seven games in ten days.

Grads were trailing at half time, 8-7, and at three-quarter time had gained only a two-point lead, 12-10. Their famous fourth-period rally was sparked for a short time by Captain Noel MacDonald until she was banished with four penalties.

VANCOUVER LOSES TO PORTLAND, 10-0

PORTLAND, March 2 (CP).—Vancouver Lion's stretch drive for a spot in the Pacific Coast Hockey League play-offs was abruptly halted here tonight when they took a 10-0 shellacking from the Portland Buckaroos.

The game meant nothing to the Bucs—they led the standings from the season's start and cinched a bye last week—except to fatten the individual scoring averages.

Louis Holmes and Eddie Ouelette headed the goal parade with three and two goals, respectively. In addition each chalked up three assists.

The result left Lions still in third place, a point ahead of Spokane Clippers. Both Lions and Clippers have five games to complete the schedule.

Officials—Schafer and Tobin.

AIRGEAD SIOS IS WINNER OF RACE

KEMPTON PARK, England, March 2 (AP).—Sir Francis Towle's Airgead Sios, one of the favorites for the March 24 renewal of the Grand National at Aintree, took the measure of Royal Mail, 1937 winner, in the Manor Optional Selling Steeplechase.

Airgead Sios, heavily played favorite at 10 to 11, finished the two and one-half miles with four lengths to spare over Royal Mail, owned by Mrs. Camille Evans. Dorothy Paget's Chimaman, not eligible for the Grand National, was third in the field of six.

LONDON AFTER 1944 OLYMPIAD

Making Elaborate Plans for Staging of Event in Five Years

LONDON, March 2 (AP).—British Olympic officials are quietly making certain the 1944 Olympiad will be held in London.

Lavish preparations are being made to assure the right people will attend the international Olympic committee meeting here June 6-10 at which time the games will be awarded.

It was originally arranged that King George open the committee's meetings at St. James' Place, but his trip to Canada and the United States will prevent this and the Duke of Gloucester has agreed to take his place.

The Winter games of the thirteenth Olympiad are generally expected to go to Montreal or Oslo. Oslo could have had the Winter Olympics of 1940 by giving up its world skiing championships for that year, but this could not be arranged.

Meanwhile, the Lord Mayor of London has written to the I.O.C. formally requesting that the Summer games be given to London and guaranteeing the expense.

Hibberson led with 114-36-78.

Prices Jumbled At Day's Close On Wall Street

NEW YORK, March 2 (AP).—Traders again pulled their buying punches in today's stock market, and closing prices were well jumbled.

Aircrafts and specialties did fairly well throughout. Motors edged forward at the last, but steels, coppers, oils and utilities showed a predominance of minor declines.

While numerous issues were unable to make headway, a number of favorites managed to post new tops for the past week or so.

Dealings were sluggish throughout, with transfers for the five hours totaling 599,215 shares against 634,604 the day before. The Associated Press average of sixty stocks was unchanged at 51.7, duplicating the stalemate of Wednesday.

The domestic news picture was more encouraging than otherwise, and no particular apprehension was shown over foreign affairs. But brokers found their clients indifferent to what little stimulus appeared.

Bond prices edged their way upward Thursday. Some United States Governments jumped as much as 19-32. South American issues again led the foreign field with steady advances. Montevideo 7's of '52 jumped 4 to 54.

PRICES MIXED IN MONTREAL MART

MONTREAL, March 2 (CP).—Buyers and sellers failed to co-ordinate on the stock market today and mixed prices ruled throughout the quiet session.

Dominion Bridge felt the pressure most in the construction section and eased a point to 33 3-4. Buyers turned to papers and boosted Dryden one point to 5 3-4.

Hudson Bay Mining dropped 3-4 to 34 1-4, while Noranda improved narrowly. In rails, National Steel Car and Canadian Car slipped 1-8 each to 55 3-4 and 15 1-8 respectively.

British Columbia Power led utility gainers with a 3-4 advance to 27.

Prices see-sawed on the curb market, some industrial stocks retreating fractions to 2 points, while others advanced similar amounts.

DULL MARKET IN WHEAT FUTURES

WINNIPEG, March 2 (CP).—Wheat futures prices moved within a one-eighth cent range on the Winnipeg market today in one of the dullest sessions on record.

Quotations were 1-8 lower to 1-8 higher when the day's trading ended, with May at 62 3-8, July 63 and October 63 1-2 to 63 5-8 cents. Export sales of Canadian wheat were estimated somewhat below 100,000 bushels.

Liverpool values finished 1-8 to 1-4d down. There was improved interest in Argentine wheat, and expectations Spain would purchase wheat from Rumania. Buenos Aires continued unchanged.

Apart from a few purchases in barley, pit-trade in coarse grains was featureless. Cash wheat transactions were at a minimum.

GOLD RESERVES AT HIGHER VALUE

LONDON, March 2 (AP).—The gold reserve of the Bank of England showed an increase of nearly $500,000,000—on paper—today as a result of the Currency and Bank Notes Act of 1939, which became effective yesterday.

The act legalized the valuation of the bank's gold stock at yesterday's market price of 148 shillings, 5 pence—then $34.78 a fine ounce. At the same time, the fiduciary note issue, the flexible part of the British currency not backed by gold, was reduced.

These securities were reduced by about £100,000,000 to a total of £300,000,000—because of their transfer to the exchange equalization account.

The revaluation of the gold bullion provided an increase of £94,425,000 in the worth of gold on hand. In addition, the bank purchased £5,567,000 in gold to increase the gold stock valuation by £99,992,000.

The Bank of England statement now lists the gold bullion on hand at £227,416,000.

BAR GOLD

MONTREAL, March 2 (CP).—Bar gold in London unchanged at $34.91 an ounce in Canadian funds; 148s 3 1-2d in British. The fixed $35 Washington price amounted to $35.13 in Canadian funds.

DULL TONE IN TORONTO MARKET

TORONTO, March 2 (CP).—Paucity of buying orders, revealed in turnover of 335,000 shares, the smallest for a full session this year, imported a drab tone to the Toronto Stock Market today.

Trading in the Abitibi issues was a feature. The common was sold to the extent of 4,000 shares on a drop of 1.50, a new low. The preferred recovered 2 points of its recent decline, closing at 12 1-4.

Industrials firming a point or more included B.C. Power "A," Dominion Bank, Goodyear preferred, and the De Haviland issues. Interlisted leaders, B.C. Oil, Distillers-Seagrams, Walkers common, Ford and C.P.R. eased off narrowly.

McIntyre's price of 57 was a record high, and minor gains were boarded by Lakeshore, Dome and Bralorne. Moneta dropped 7 cents to 1.13.

Home Oil lost 10 cents, and smaller recessions were boarded by Calgary & Edmonton, Calmont, Davies, Highwood and East Crest. Royalite finished unchanged.

Golds Higher With Oils Holding Firm on Vancouver Exchange

VANCOUVER, March 2 (CP).—Gold prices were irregularly higher on Vancouver Stock Exchange today while oils held firm. Trading was centred around lower-priced golds and selected oil issues as transfers totaled 83,785 shares.

Dentonia Gold, with a 19,000-share turnover, firmed a fraction at 4 and Fairview Amalgamated added 1-8 at 4 5-8, after 14,000 shares had changed hands. Bralorne was up 10 at 11.00, Sheep Creek added 2 at 1.10 and Cariboo Gold Quartz was 1 cent higher at 2.26. Island Mountain eased 4 at 1.30 while Premier at 2.20 and Reno at 26 each dipped 1. Privateer lost 2 at 1.13.

Home topped oil activity, closing 5 cents higher at 2.69. The price rise occurred in the last hour of trading apparently on the strength of rumors—later confirmed by a company announcement—of an agreement with Standard Oil Company of California for development of Home Oil holdings in North Turner Valley. Calmont was up a cent at 43 while Calgary & Edmonton at 2.26, Okalta at 1.16 and other leading stocks were quiet and unchanged.

Base metal and industrial prices held steady.

MAKE DEAL TO DRILL FOR OIL

Standard of California to Develop Home Oil's Turner Valley Acreage

VANCOUVER, March 2 (CP).—Standard Oil Company of California and Home Oil Company, Limited, today reached an agreement whereby Standard Oil assumes drilling obligations on Home Oil's holdings and more than 10,000 acres in the North Turner Valley oil field.

The first well to be drilled under the new programme will be spudded in within sixty days, according to a statement by R. H. B. Ker, Home Oil president.

S. E. Nord, vice-president and general manager of Standard Oil Company of British Columbia, issued this statement:

"Standard Oil Company of British Columbia, Limited, announces that Standard Oil Company of California, through its subsidiary The California Company, has come to an agreemnt with Home Oil Company, Limited, for the development of Home Oil Company's holdings in the North Turner Valley oil field.

"This is an initial step on the part of this company in developing the great natural resources of Canada and a further step in a programme of developing a fully integrated operation including production, manufacturing and marketing of Canadian products in Western Canada."

Mr. Ker's statement said under the agreement The California Company supplies all capital required.

"This operating agreement, in conjunction with the announcement that The California Company will set up broad marketing arrangements for its oil, provides for Home Oil Company both an overriding royalty and a further generous participation in production without the Home Company assuming the risks and requirements of capital involved.

"The Home Company will thus be provided with the best technical advice and experience available through one of the largest and most progressive companies in the oil industry.

"The Home Oil Company keeps its present capital intact and available for proving other properties in Alberta."

MEETING CALLED FOR RATIFICATION

VANCOUVER, March 2 (CP).—An extraordinary meeting of Reno Gold Mines, Limited, shareholders will be held March 15 to ratify an arrangement whereby Reno would assume control of development work on Central Zeballos Gold Mines property on the west coast of Vancouver Island, company officials announced today.

If the proposed plan is adopted, directors said Reno would spend $30,000 on development work and later may erect a mill on the Zeballos property.

Reno would undertake sinking on the main high-grade vein and drifting at lower levels, to block out and indicate sufficient ore to justify a mill. Reno would reserve the right to continue through the milling production.

Reno would hold 1,000,000 shares of Central Zeballos' 2,500,000 authorized capital shares, and thus receive 40 per cent of net profits from the operation.

That Body of Yours
by JAMES W. BARTON, M.D.

COD LIVER OIL PREVENTS RICKETS

Years ago, before we knew about vitamin D, or that vitamin D was really bottled sunshine, children were taking cod liver oil to build up their bodies, bones and teeth. In a preparatory school where I examined the boys in September and again in May, it was interesting to see these youngsters walk up to the special table in the dining-room and take a teaspoonful of cod liver oil each from his own bottle.

Is it true that cod liver oil is a real body builder and has it any special merit in preventing rickets—softening of the bones with knock knees, pigeon chest, beaded ribs, head sweats, restlessness?

At the Child Hygiene Section of the American Public Health Association annual meeting in Kansas City, Mo., last year, Drs. Julius Levy and Harry R. Silver, Department of health, Newark, N.J., recorded their experience in a paper entitled: "Can Rickets Be Prevented in Large Cities?" They describe their simple method of having the cod liver oil used as follows:

The nurses of the Child Hygiene Division of the City of Newark are in the homes within the first few days of a birth of a child or of the return of the child to its home from the hospital. Later, the nurse visits these homes at regular intervals—monthly or weekly. At these visits the nurse gives her entire time to teaching mothers, first, the great value and importance of prevention and, second, the necessary information in general care and management. Mothers have learned to take proper care of cod liver oil and to give it regularly to their infants. Cod liver oil was given in small doses three times a day beginning at age of one month and by the end of the second month 3 teaspoonfuls a day was being given—the full dose.

Cod liver oil was started at the age of one month after October 1 and continued until May 1.

In order to learn to what extent the cod liver oil had prevented rickets, a survey of nearly one hundred children in the poorest districts was made. Of the entire number only 10 per cent showed any X-ray evidence of rickets and only one showed very marked symptoms of rickets.

Drs. Levy and Silver are thus justified in making the following statement: "Only one case of marked rickets in an entirely unselected group of close to one hundred cases in the poorest section of the city is evidence for all practical purposes that can be prevented in the infant population."

Scotsman (at riding academy)—I wish to rent a horse.
Groom—How long?
Scotsman—The longest you've got; there'll be five of us going.

Jane Dixon Says:

THIS WOMAN SHOULD REALIZE, AS ALL MOTHERS MUST, THAT SOONER OR LATER HER CHILDREN WILL LEAVE HOME AND GO THEIR OWN WAYS

When the chicks grow up and preen their wings, they are bound to fly away from the home nest.

The mother who can keep the home nest for her "chicks" so that they may fly back to it when the urge overtakes them, is indeed fortunate.

But—the less fortunate mother need not be of heavy heart—home will be home to her children, wherever she may be!

Dear Jane Dixon: I married an elderly man more than thirty years ago. We lived very happily together until he passed away a few weeks ago. We raised a grand family—girls and boys, all fine, upstanding citizens.

One of our girls is married and has a nice home of her own.

One girl is in rather delicate health, but is employed in a position that does not tax her strength.

Our eldest son—as fine a boy as ever lived—works for a chain supply store as manager, a position he has held for several years.

Another son has been with a big industrial corporation for an even longer time, but promotion in such a company is slow and the pay is not large.

Another son is a musician; he plays with an orchestra. He is such a good boy—worked his way through High School playing and doing odd jobs after school and during vacations.

All three boys are above the average in looks, are clean-cut in appearance and in their personal lives.

My problem is this: My husband left me the home, but nothing to keep it going. I do so want to keep my family together, but some of them have found their jobs away from home although they want to be here as much as I long to have them. They would all do their share, and then we could keep our home and be together. As it is I can't make ends meet, no matter how I try. There is a mortgage on this house; one of my sons is trying to pay it off. The minister of the church, to which the boys belong, and in which they are active, would be glad to recommend them, I know. The boys are all High School graduates, and have taken business courses. I would appreciate any help you can give me."—Their Mother."

Comment: My dear mother, you will have to prepare yourself for the inevitable—your children are grown up and must begin living their own lives. If their way lies away from the home tree—they must leave it and you must smile, giving them courage and hope for the journey. Think of the mothers whose hearts are heavy because their children have failed them, because they can find no work to do and are drifting helplessly in an economic world that seems to have no place for them. You are a very fortunate mother, despite your financial worries about your home. Keep it as long as you can manage without making it too much of a burden to yourself or to your children. When you can no longer hold on, remember that your dear ones must go on their ways, eventually.

Decision of Judge Quashes Conviction

In a judgment handed down in County Court by Judge H. H. Shandley, an appeal of Wong Fung Chew against a police court conviction and fine for permitting persons to consume liquor on restaurant premises was allowed. Costs were fixed at $70.

Judge Shandley stated in part: "I find as a fact that three bottles of beer were smuggled into the restaurant by three patrons attending the supper dance. The beer was there without the knowledge or connivance of the appellant."

What Today Means

"PISCES"

If March 3 is your birthday, the best hours for you on this date are from 8:30 to 10:30 a.m.; from 12:30 to 2:30 p.m., and from 7:30 to 9:30 p.m. The danger periods are from 6:30 to 8:30 a.m.; from 5:30 to 7:30 p.m., and from 9:30 to 11:30 p.m.

In working out things this day, many wrongs may be corrected and mistakes rectified. A great deal of future troubles may be started through people indulging in dilatory tactics. Through superiority complexes and arrogance many enmities will spring into being, so it will be wisdom not to allow either of them to make you one of their victims. Team work may accomplish far more than will individual efforts. Arbitration is apt to be the most sensible medium for the settling of disputes. It will pay you to be broad-minded and open to ideas, for through radical changes a good deal of money is likely to be made. Time wasted in arguments could be used most advantageously. Married and engaged couples, and those whose matrimonial aspirations can be regarded with optimism, must be careful that jealousy does not become a disruptive force of their peace of mind and tranquil dispositions.

If a woman and March 3 is your birthday, an interesting career may be awaiting you. Through intelligence and executive ability you should be able to further any plans you have in mind. Your sympathies are not likely to be often misplaced, and by displaying them many friendships are apt to be won. You ought to have a well-developed sense of financial responsibility, and a gift for the successful handling of money. A depth of sincerity is likely to make you rather outspoken, and adverse to ever resorting to any form of hypocrisy. As a librarian, social or private secretary, artist, newspaper reporter, author or scientific research worker the future may have many pleasant surprises in store for you. The man you marry will probably work shoulder to shoulder with you to win financial freedom, social position, and domestic happiness.

The child born on March 3, although difficult by nature, probably will develop self-assurance to keep anyone from suspecting it. This youngster may, through a talent for mimicry, gain considerable popularity. The world owes this youngster a living and the likelihood is it will give it a handsome one.

"Henry," said Mrs. Meekton, "I must give you credit for one thing. In all our married life you have never spoken an unkind word to me."

"No, Henrietta," agreed the gratified husband.

"What I am wondering," added his wife, "is whether to give you credit for a lovely disposition or mere lack of courage."

WHILE QUANTITIES LAST

Tram Pact to Be Settled by City Ratepayers Soon

Proposals of the city in regard to an agreement with the B.C. Electric Railway Co., Ltd., to continue street cars for three years and a request that $6,000 per annum be paid for the privilege of grounding wires to water mains have been forwarded to headquarters at Vancouver according to a letter received at the City Hall from G. M. Tripp, general superintendent of the company.

Conditional upon the company accepting the agreement, taxpayers would be asked to ratify the same by a plebiscite. Mayor Andrew McGavin anticipated a reply would be received from the company within two weeks.

A certain well-known Scot had won a big prize in a football pool, and had bought himself a very superior car, and hired a chauffeur to go with it.

One day a friend noticed that the new car was fitted with a taximeter.

"What on earth," he asked, "have you got that meter on your car for?"

"Why, man," came the reply, "it cheers me to see all the money I might have been spending."
